ERRATUM

The Erratum on page 809 of BIORHEOLOGY 21, no. 6 should have read as follows:

PERMEABILITY CHARACTERISTICS OF MICROVASCULAR WALLS

Harold Wayland
Division of Engineering and Applied Science
California Institute of Technology (104-44)
Pasadena, California 91125, USA

On page 109, last paragraph, lines 10 and 13 an error was made by the Author which he regrets. It should read 'fibrin' instead of 'fibrinogen'. The first sentence should therefore read: "Copley's paper in this symposium will discuss the evidence for the existence of a layer of fibrin on the cell surfaces." As the reference was not given under References, it is as follows: COPLEY, A.L. The endothelial fibrin lining as the crucial barrier and the role of fibrinogen gels in controlling transcapillary transport. Biorheol. 21, 135-153, 1984.
