

FIFTH INTERNATIONAL CONGRESS OF BIORHEOLOGY

Baden-Baden, FRG, 20 - 24 August, 1983

The 5. International Congress of Biorheology is held under the auspices of the International Society of Biorheology from 20 to 24 August 1983 in the Congress House, Baden-Baden, Federal Republic of Germany.

Preceding the Congress is its Satellite Meeting, entitled INTERNATIONAL SYMPOSIUM ON NEW METHODS IN BIORHEOLOGY, held from the 17 to 18 August 1983 under the auspices of the International Society of Biorheology, the Société de Biorhéologie de Langue Française (French Society of Biorheology) and the Université de Nancy (University of Nancy), Nancy, France. The abstracts of communications at this Symposium are not included, since they were not available when this abstract volume went to press. The President of the Satellite Symposium is J.F. Stoltz. All other officers and committee members have been published in BIORHEOLOGY 20, (issue 2) 213-214, 1983.
