EDITORIAL:
SOFTWARE SURVEY SECTION

The introduction of the new Software Survey Section to CLINICAL HEMORHEOLOGY is to encourage the open exchange of information on software programs unique to our professional field. With the rapid penetration of computers into academic and industrial institutions has come a parallel increase in the number of scientists and researchers designing their own software. The existence of much of this software remains unknown to even those of us who could most benefit from its use. We believe that it is of vital importance to our readers that such information be made available. We believe also that a professional journal is the best place to share such information. Your contribution would be most welcome.

The questionnaire on the following pages is designed to assist you in reporting on software that you may have developed or be in the process of developing. By completing this form, your information will reach thousands of your colleagues who may benefit from your work and may possibly offer suggestions for further enhancements to your software. Please complete the enclosed form and return it to:

Dr. Arpad Matrai
Klinik fur Physikalische Medizin der Universitat Munchen
Innenstadt, 8000 Munchen 2
Federal Republic of Germany

We do not intend to review or comment on the contents of the questionnaire. It will be published as is in order to expedite the information cycle process. I would welcome any comments you may have.

NAME OF JOURNAL: CLINICAL HEMORHEOLOGY

PERGAMON PRESS
SOFTWARE DESCRIPTION FORM

Title of software package: PER GAM

It Is: [ ] Application program [ ] Utility [ ] Other

Specific area: (e.g. Thermodynamics, Inventory Control)

Software developed for [name of computer(s)] in [language(s)] to run under [operating system]

and is available in the following media:

[ ] Floppy disk/diskette. Specify:
  Size _____ Density _____ [ ] Single-sided [ ] Dual-sided

[ ] Magnetic tape. Specify:
  Size _____ Density _____ Character set

Distributed by:

Minimum hardware configuration required:

Required memory: ______ User training required: [ ] Yes [ ] No

Documentation: [ ] None [ ] Minimal [ ] Self-documenting
  [ ] Extensive external documentation

Source code available: [ ] Yes [ ] No

Level of development: [ ] Fully operational [ ] Coding complete
  [ ] Design complete [ ] Collaboration would be welcomed

Is software being used currently? [ ] Yes [ ] No
  If yes, how long? _____________ If yes, how many sites? _____________

Contributor is available for user inquiries: [ ] Yes [ ] No

RETURN COMPLETED FORM TO:

Dr. Arpad Matrai
Klinik für Physikalische Medizin der Universität München
Innenstadt, 8000 München 2
Federal Republic of Germany
