1989

CONTENTS

Conference Communication

Proceedings of the 5th European Conference on
Clinical Hemorheology, 29 June-1 July 1987,
Bordeaux, France

Part IV

*Joint Session: Myocardial Infarction and
Haemorheology*

- | | | |
|--|-----|---|
| M. Paulitschke, D. Lerche and W. Meier | 885 | Erythrocyte deformability of patients with chronic ischemic heart disease (cIHD) investigated by a modified capillary-rigidometer |
| <i>Non-Conference Communications</i> | | |
| <i>Papers</i> | | |
| J-C. Zhu, P.C.W. Stone and J. Stuart | 897 | Measurement of erythrocyte deformability by cell transit analyser |
| M. Seike, T. Nakajima, Y. Suzuki, N. Maeda and T. Shiga | 909 | Acceleration of erythrocyte aggregation with in vivo aging |
| C. Rainer, S. Norris, L.J. Haywood and H.J. Meiselman | 923 | Blood rheology and RBC aggregation in patients with angina pectoris and a prior history of myocardial infarction |
| R.M. Bauersachs, S.J. Shaw, A. Zeidler and H.J. Meiselman | 935 | Red blood cell aggregation and blood viscoelasticity in poorly controlled Type 2 diabetes mellitus |
| J.F. Brun, M. Sekkat, C. Lagoueyte, C. Fédou and A. Orsetti | 953 | Relationships between fitness and blood viscosity in untrained normal short children |
| V. Lipovac, M. Gavella and F. Cocè | 965 | Effect of chinoin-123, a pyrido (1,2-a) pyrimidine derivative on blood rheology in diabetic patients with peripheral occlusive angiopathy |
| E.O. Weselcouch and A.J. Baird | 973 | The effect of BMY-20014 and pentoxifylline on the filterability of human neutrophils and red blood cells |
| E. Rillaerts, G. Vansant, L. Van Gaal and I. De Leeuw | 983 | Effect of weight reduction on blood viscosity parameters in obese women |
| D.E. McMillan, J. Strigberger, N.G. Utterback and N. Romanoff | 989 | Taylor-Couette flow stability of diabetic blood |
| M.G. Tozzi-Ciancarelli, F. Fedele, E. Tozzi, C. Di Massimo, A. Oratore, G. De Matteis, A. D'Alfonso, E. Troiani-Sevi, P. Gallo and M. Prencipe | 999 | Age-dependent changes in human erythrocyte properties |

(Contents Continued)

(Continuation of Contents)

VOLUME 9, NUMBER 6

1989

- | | | |
|---|------|--|
| J.C. Ellory, M. Player, S. M. Chalder and J. Stuart | 1009 | Rheological effect of activation of the KCl-cotransport pathway in normal and sickle erythrocytes |
| H.J.G. Bilo, T. Fonk, S.J. Ybema, R.O.B. Gans and A.J.M. Donker | 1017 | Erythrocyte packing differences in healthy volunteers, diabetic patients and patients with intermittent claudication
<i>Mini-Report</i> |
| R. Rasia, M. García Rosasco, J. Valverde de Rasia, P. Porta and E. Rewald | 1023 | Evaluation of the influence of hematocrit on red blood cell deformability
<i>Letter to the Editors-in-Chief</i> |
| H.J. Voerman, R.J.M Strack van Schijndel and T. Fonk | 1029 | Norepinephrine and dopamine do not alter red blood cell deformability in vitro in concentrations that have clinical relevance |
| | 1033 | <i>Additional Abstracts, Sixth European Conference on Clinical Hemorheology, Frankfurt Am Main, F.R. Germany, 15-17 July 1989</i> |
| | 1037 | <i>Clinical Hemorheology-Literature Survey</i> |
| | 1051 | <i>Errata</i> |
| | 1053 | Contents of BIORHEOLOGY, Volume 26, Number 4 |
| | I | Software Survey Section |
