EDITORIAL:
SOFTWARE SURVEY SECTION

The introduction of the new Software Survey Section to CLINICAL HEMORHEOLOGY
is to encourage the open exchange of information on software programs unique
to our professional field. With the rapid penetration of computers into
academic and industrial institutions has come a parallel increase in the
number of scientists and researchers designing their own software. The
existence of much of this software remains unknown to even those of us who
could most benefit from its use. We believe that it is of vital importance to
our readers that such information be made available. We believe also that a
professional journal is the best place to share such information. Your
contribution would be most welcome.

The questionnaire on the following pages is designed to assist you in
reporting on software that you may have developed or be in the process of
developing. By completing this form, your information will reach thousands of
your colleagues who may benefit from your work and may possibly offer
suggestions for further enhancements to your software. Please complete the
enclosed form and return it to:

Dr. Arpad Matrai
Klinik fur Physikalische Medizin der Universitat Munchen
Innenstadt, 8000 Munchen 2
Federal Republic of Germany

We do not intend to review or comment on the contents of the questionnaire.
It will be published as is in order to expedite the information cycle
process. I would welcome any comments you may have.

THE EDITORS

NAME OF JOURNAL_____CLINICAL HEMORHEOLOGY_____ _____

P E R G A M O N   P R E S S
SOFTWARE DESCRIPTION FORM

Title of software package: _____

_____

_____

It Is: [ ]Application program   [ ]Utility   [ ]Other_____

Specific area _____
     (e.g. Thermodynamics, Inventory Control)

Software developed for [name of computer(s)] _____

in [language(s)] _____

to run under [operating system] _____

and is available in the following media:

[ ] Floppy disk/diskette. Specify:

     Size _____ Density _____   [ ]Single-sided [ ]Dual-sided

[ ] Magnetic tape. Specify:

     Size _____ Density _____   Character set _____

Distributed by:_____

Minimum hardware configuration required: _____

Required memory: _____   User training required: [ ]Yes [ ]No

Documentation: [ ]None [ ]Minimal [ ]Self-documenting
                [ ]Extensive external documentation

Source code available: [ ]Yes [ ]No

Level of development: [ ]Design complete   [ ]Coding complete
    [ ]Fully operational   [ ]Collaboration would be welcomed

Is software being used currently? [ ]Yes   [ ]No
    If yes, how long? _____   If yes, how many sites? _____

Contributor is available for user inquiries: [ ]Yes   [ ]No

(continued)

Description of what software does [200 words]:

Potential users: _____

Fields of interest: _____

# # # # # # #

Name of
contributor: _____

Institution: _____

Address: _____

_____

Telephone number:_____
