EDITORIAL

We were deeply saddened to announce, on the occasion of this issue dedicated to our late friend and colleague George William Scott Blair, also the news of the death of our friend and colleague Takehiko Azuma. He was an Editor of CLINICAL HEMORHEOLOGY since 1981, when this Companion Journal of BIORHEOLOGY began its publication.

We express our deeply felt sympathies to Mrs. Rita Scott Blair and Mrs. Etsuko Azuma and their families. In our condolences we are joined by the Publishers and the members of the Editorial Board of CLINICAL HEMORHEOLOGY.
