

## Forthcoming in Information Services & Use

---

### Volume 2, Numbers 3-5

This special triple issue will contain the full text of the United Nations Centre on Transnational Corporations technical paper, *Transborder Data Flows: Access to the International Online Database Market*. The paper gives special attention to the role of transnational corporations in the area of computer-based information transfer, and to the significance of this area for the developing nations.

### Volume 2, Number 6

This issue will include the following contributions:

External information services: a survey of behavioral aspects of demand, by L.B. Methlie and A.M. Tverstøl

From card-tray to resource management: the influence of computing on information processing in a large international company, by C. van de Weteringh

Perspective of policy development in the field of informatics: the example of videotex technology, by I. Sebestyen
