# Acknowledgment of JAISE's referees

Over the past four years of its life, our Journal has been supported by a large number of colleagues who contributed with their time and expertise to assess the quality of the submissions to JAISE and helped decide which papers qualify to be published. These reviewers and referees are a very important part of the JAISE community and we would like to explicitly thank all of them for their valuable contributions.

The effort of reviewers often remains unnoticed in the community served by a journal, especially in a blind review system. From this year, we start the practice of acknowledging the participation of our reviewers in the making of JAISE.

As a second step towards making our gratitude explicit and highlighting the importance of the contributions made by our reviewers, we will also implement the practice of selecting two reviewers who have consistently provided detailed and quality reviews and inviting them to serve as part of the Editorial Board of JAISE.

The list of reviewers in the period 2009–2012 is<sup>1</sup>: Agnar Aamodt, Andrea Abate, Giovanni Acampora, Dr. Toufik Ahmed, Marco Aiello, Abdullah Al Mahmud, Dzmitry Aliakseyeu, Colin Allison, Yiannis Aloimonos, Ricardo Alonso, Chen An, Elisabeth André, Cecilio Angulo, Ville Antila, Grigoris Antoniou, Masahiro Araki, Oya Aran, Bert Arnrich, Eleana Asimakopoulou, Vassilis Athitsos, Daniel Avrahami, Asier Aztiria, Sebastian Bader, Javier Bajo, Erwin Bakker, Matthias Baldauf, Matt Ball, Ana Alice Baptista, Jakob Bardram, Payam Barnaghi, Joao Barreto, João Barroso, Nikos Batalas, Julia Beamish, Michael Beigl, Yacine Bellik, Jérôme Berclaz, Marc Berenguer, Keni Bernardin, Ana Bernardos, Tim Bickmore, Antonis Bikakis, Jit Biswas, Alan Blackwell, Juan Blaya, Marco Blumendorf, Olivier Boissier, Dario Bonino, Tibor Bosse, Juan Botia, Sabri Boughorbel, Abdenour Bouzouane, Patrick Brezillon, Will Bridewell, Gregor Broll, Murtaza
