## ‘Call for Papers’

### Journal of Back and Musculoskeletal Rehabilitation

**We are now accepting submission of original research, case studies, program descriptions, and review articles for publication in the Journal.**

Some issues will continue to cover specific topics with a Guest Editor, however, other issues will cover a variety of topics in the area of back and musculoskeletal rehabilitation, compiled from manuscripts received at the JBMR office.

*Aim and Scope:* *The Journal of Back and Musculoskeletal Rehabilitation* is a journal whose main focus is to present information about musculoskeletal rehabilitation to clinicians who treat patients with back and musculoskeletal pain complaints. Its goal is to provide readers with (1) a general fund of knowledge on the assessment and management of specific problems and (2) new information considered to be state-of-the-art in the field. The intended audience is multi-disciplinary as well as multi-specialty.

Manuscripts are provided from a wide range of health care specialties including physical medicine, orthopedic surgery, rheumatology, neurosurgery, physical therapy, radiology, osteopathy, chiropractic and nursing. Topics range from chronic pain to sports medicine.

**Please submit original plus three copies along with computer disk to one of the Editors:**
