

## Keyword Index Volume 26 (2013)

active knee extension	329	complication	85 267
active video games	299	computerised dynamic posturography	199
activities of daily living	37	core stabilization exercises	37
adult	255	criteria	437
ambulation level	207	DASH	467
anconeus epitrochlearis muscle	155	dentists	9
ankle	117	diagnosis	437
ankylosing spondylitis	479	disability	149, 367
anti-MCV	63	disability index	451
arachnoiditis ossificans	479	disability transition	411
articular branches	79	disease activity	467
assessment	25	education	337
athletes	445	electromyography	33, 155, 169, 261
back and neck pain	411	electronic goniometer	141
balance	199 375	EMG	445
balance board	299	endurance	221
balance training	299	epidural	85
belt	133	epidural injection	183
BMI	183	excessive pronation	117
body mass index	183	exercise	221, 427
bone dysplasia	247	exercise therapy	261
bone metabolism	427	facet joints	421
breast-feeding	281	facet orientation	421
capacitive coupling electric field	475	facet tropism	421
center of pressure	401	familial occurrence	247
cervical	85	fatigue	221
cervical cord herniation	251	female	337
cervical range of motion	141	fibromyalgia	437
cervical spine	189	foot	117
cervicocephalic kinaesthesia	189	force-plate	401
cervicogenic headache	17	functional disability	45
chemodiscolysis	317	functional status	63
chronic fatigue	307	functional thoracic hyperkyphosis	227
chronic low back pain	45 221	gait	125, 159
chronic pain	71	gluteus medius activation	159
chronic shoulder pain	25	hallux valgus	163
coccygectomy	105	HAQ	467
coccygodynia	105		
coccyx	105		

hemodialysis	267	muscle fatigue	125, 261
hip joint pain	79	muscle imbalance	163
hip osteoarthritis	397	musculoskeletal	267, 389
HLA-DRB1	63	musculoskeletal patients	307
		myofascial neck pain syndrome	375
ICC	149		
impairment	451	neck exercises	17
injection	85	neck pain	9, 141, 401
interlaminar	85	nuclear magnetic resonance	93
intramedullary traumatic neuroma	251	NWB group exercising	353
isokinetic muscle testing	361		
isokinetics	291	obese	183
isthmic spondylolisthesis	255	obturator and femoral nerves	79
		osteoarthritis	93, 421
Kellgren-Lawrence	397	osteopoikilosis	247
kinematics	381	osteoporosis	199, 337
kinesiology taping	291	outcome assessment	45
kinetic dysfunction	117	outcome measurement	93
knee osteoarthritis	207, 461	outcome prediction	71
knowledge	337	oxygen-ozone therapy	317
KOOS-PS	461		
		pain	227, 247, 323, 345, 397
laptop users	389	pain drawing	55
leg length discrepancy	117	pain extent	55
leg pain	55	pain intensity	133, 401
lifting tasks	329	pain reduction	79
long latency reflex	445	pelvic girdle pain	133, 281
low back pain	33, 37, 55, 117, 149, 175, 273, 281, 353, 367, 381, 445, 451, 475,	peritoneal dialysis	267
lumbar disc herniation	273, 317	perturbation	445
lumbar flexion and extension	353	physical therapy	71
lumbar spine	421	physiotherapy	33, 291
lumbopelvic rhythm	329	postmenopausal women	427
		postural balance	345
MAF	307	postural sway	375, 401
magnetic resonance	367	posture	281
magnetic resonance imaging	175	pregnancy	475
manipulation	33	pregnant women	133
manipulative techniques	17	prevalence	9
manual muscle testing	361	proprioception	299, 381
manual therapy	105		
massage therapy	17	quality of life	367, 427
mechanical low back pain	213		
MHQ	467	radicular symptoms	169
mode of delivery	281	radiculopathy	169, 175, 183
modified Oswestry low back pain disability index	37	radiographs	397
motor control	125	radiological damage	63
motor control test	199	randomized controlled trial	213
Multidimensional Assessment of Fatigue	307	RASCH	149
multifidus	175	rectus abdominis muscle	291
muscle	261	rehabilitation	207
		reliability	141, 307, 451, 461

repositioning error	381	steroid	85
responsiveness	1	stress fractures	475
rheumatoid arthritis	63, 367, 467	stretching exercises	329
risk factors	9	stroke	207
RMDQ	149	subacromial impingement	227
Rolland Morris	353	subacromial impingement syndrome	1
		syringomyelia	479
sacroiliac joint	273		
sacrum	475	temporomandibular joint disorder	323
scapular muscle endurance	25	textile workers	25
sciatica	361	thermography	323
sensory organization test	199	toes-spread-out exercise	163
seropositivity	63	traction	213
SF-36	467	training efficacy	189
short-foot exercise	163	Turkish	461
Shoulder Disability Questionnaire	1		
shoulder pain	389	ulnar nerve	155
Shoulder Pain Disability Index	1	ultrasonography	155
sick leave	411	ultrasound	221
skin temperature	323		
slippage progression	255	validity	141, 307, 451, 461
spatiotemporal parameters	125	VAS	353
spinal cord injury	251	vertebral compression fracture	199
spinal mobilizations	17	vertebral metastatis	255
spinal stenosis	345	vision	375
spinal surgery	479	visual motion control	189
spine	381		
stability	159	walking	345
stabilizing exercise	133	Western Ontario Rotator Cuff Index	1
