### **APSE: The Network on Employment's Conference on Employment, Medicaid and Social Security**

**The APSE Network on Employment is sponsoring a conference on  
Medicaid funding and Employment.**

In today's landscape, Medicaid funding has a huge impact on people with disabilities. Despite potential cuts in state Medicaid long-term service funding, this is still an untapped resource in most areas for supported employment.

The APSE Medicaid Conference will build the expertise and leadership needed to assist integrated employment providers across the country to expand Medicaid resources for necessary supports and services. Participants will learn from the experts and from each other about what they can and cannot do with Medicaid funding, and how to expand access to Medicaid for SE programs.

**Registration and event information coming soon.**

**Check [www.apse.org](http://www.apse.org) for updates. APSE office 804-278-9187.**

The conference will have ample opportunity for discussions about successes and challenges and will offer strategy sessions designed to expand the successful experiences nationwide.
