

## **Transfer of ownership notice**

Dear Reader,

Recently, publishing houses Taylor & Francis and IOS Press agreed that as of 2010 the publication of the journal *Main Group Chemistry* will be transferred to IOS Press BV, Amsterdam, the Netherlands.

### **About IOS Press**

Commencing its publishing activities in 1987, IOS Press ([www.iospress.nl](http://www.iospress.nl)) serves the information needs of scientific and medical communities worldwide. IOS Press (co-) publishes over 100 international journals and about 130 book titles each year, on subjects ranging from computer sciences and mathematics to medicine and the natural sciences.

IOS Press continues its rapid growth, embracing new technologies for the timely dissemination of information. All journals are available electronically through [iospress.metapress.com](http://iospress.metapress.com) and an e-book platform, [booksonline.iospress.com](http://booksonline.iospress.com), was launched in 2005.

Headquartered in Amsterdam with satellite offices in the USA, Germany, India and China, IOS Press has established several strategic co-publishing initiatives. Notable acquisitions included Delft University Press in 2005 and Millpress Science Publishers in 2008.

It is IOS Press' goal to provide a high level of service and quality and wherever possible will seek for opportunities to further improve the journal in the coming years.
