

Editor's Note

The articles by Hu, Wang, Iwatsubo et al., and Xiong et al. were presented in an earlier form at the International Conference on Vibration Engineering, Tsinghua University, Beijing, China, in June 1994. The articles to be presented in this journal were selected, edited, and reviewed by a committee chaired by:

Professor Z.C. Zheng
Department of Engineering Mechanics
Tsinghua University

The conference chairman was:

H.C. Hu
President of the Chinese Society for Vibration Engineering
