Journal of Official Statistics

An International Review Published by Statistics Sweden

JOS is a scholarly quarterly that specializes in statistical methodology and applications. Survey methodology and other issues pertinent to the production of statistics at national offices and other statistical organizations are emphasized. All manuscripts are rigorously reviewed by independent referees and members of the Editorial Board.

Contents Volume 18, Number 1, 2002

Evaluating Socio-economic (SES) Bias in Survey Nonresponse <i>John Goyder, Keith Warriner and Susan Miller</i>	1
Are Nonrespondents to Health Surveys Less Healthy than Respondents <i>G. Cohen and J.C. Duffy</i>	13
Accounting for Biases in Election Surveys; The Case of the 1998 Quebec Election <i>Claire Durand, Andre Blais and Sebastien Vachon</i>	25
Small Area Estimation via Generalized Linear Models <i>Alastair Noble, Stephen Haslett and Greg Arnold</i>	45
Generalized Fisher Price Indexes and the Use of Scanner Data in the Consumer Price Index (CPI) <i>Jan de Haan</i>	61
Research and Development in Official Statistics and Scientific Co-operation with Universities: An Empirical Investigation <i>Risto Lehtonen, Erkki Pahkinen and Carl-Erik Särndal</i>	87
Book and Software Reviews	111

An International Review Published by Statistics Sweden

JOS is a scholarly quarterly that specializes in statistical methodology and applications. Survey methodology and other issues pertinent to the production of statistics at national offices and other statistical organizations are emphasized. All manuscripts are rigorously reviewed by independent referees and members of the Editorial Board.

Contents Volume 18, Number 3, 2002

Preface	323
How Best to Hand Out Money: Issues in the Design and Structure of Intergovernmental Aid Formulas <i>Thomas A. Downes and Thomas F. Pogue</i>	329
The Legislative Process and the Use of Indicators in Formula Allocations <i>Dan Melnick</i>	353
Interactions Between Survey Estimates and Federal Funding Formulas <i>Alan M. Zaslavsky and Allen L. Schirm</i>	371
The Canadian Equalization Program <i>Michelle Taylor, Sean Keenan and Jean-Francois Carbonneau</i>	393
Using Survey Data to Allocate Federal Funds for the State Children's Health Insurance Program (SCHIP) <i>John L. Czajka and Thomas B. Jabine</i>	409
Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Funding Formula Evolution <i>Dawn K. Aldridge</i>	429
Impact of Title I Factors on School Year 2000–2001 State Allocations <i>Paul Sanders Brown</i>	441
Federal Formula Allocation for Schools: Historical Perspective and Lessons from New York State <i>James A. Kadamus</i>	465
A Study on the Formulation of an Assessment Scale Methodology: The United Nations Experience in Allocating Budget Expenditures Among Member States <i>Felizardo B. Suzara</i>	481

An International Review Published by Statistics Sweden

JOS is a scholarly quarterly that specializes in statistical methodology and applications. Survey methodology and other issues pertinent to the production of statistics at national offices and other statistical organizations are emphasized. All manuscripts are rigorously reviewed by independent referees and members of the Editorial Board.

Contents Volume 18, Number 4, 2002

Measures to Evaluate the Discrepancy Between Direct and Indirect Model-based Seasonal Adjustment <i>Eduardo Otranto and Umberto Triacca</i>	511
Satisfying Disclosure Restrictions with Synthetic Data Sets <i>Jerome P. Reiter</i>	531
Item Nonresponse as a Predictor of Unit Nonresponse in a Panel Survey <i>Geert Loosveldt, Jan Pickery and Jaak Billiet</i>	545
Using Administrative Records to Improve Small Area Estimation: An Example from the US: Decennial Census <i>Elaine Zanutto and Alan M. Zaslavsky</i>	559
Asymptotically Efficient Generalised Regression Estimators <i>Giorgio E. Montanari and M.G. Ranalli</i>	577
Editorial Collaborators	591
Index to Volume 18, 2002	595

Journal of Official Statistics

An International Review Published by Statistics Sweden

JOS is a scholarly quarterly that specializes in statistical methodology and applications. Survey methodology and other issues pertinent to the production of statistics at national offices and other statistical organizations are emphasized. All manuscripts are rigorously reviewed by independent referees and members of the Editorial Board.

Contents Volume 19, Number 1, 2003

Multiple Imputation for Statistical Disclosure Limitation <i>T.E. Raghunathan, J.P. Reiter and D.B. Rubin</i>	1
Confidence Interval Coverage Properties for Regression Estimators in Uni-Phase and Two-Phase Sampling <i>J.N.K. Rao, W. Jocelyn and M.A. Hidiroglou</i>	17
Sequential Weight Adjustments for Location and Cooperation Propensity for the 1995 National Survey of Family Growth <i>Vincent G. Iannaccione</i>	31
Constrained Inverse Adaptive Cluster Sampling <i>Emilia Rocco</i>	45
Poisson Mixture Sampling Combined with Order Sampling <i>Hannu Kröger, Carl-Erik Särndal and Ismo Teikari</i>	59
Ischemic Heart Disease and Acute Myocardial Infarction as Cause of Death in a Cause-of-Death Register <i>Boo Svartbo, Gösta Bucht, Lars Olov Bygren, Anders Eriksson and Lars Age Johansson</i>	71
