

Forthcoming meetings convened by the Conference of European Statisticians

1. Seminar on the Demographic and Economic Consequences and Implications of Changing Population Age Structures (Ottawa, Canada, September 1990)

This seminar will be held in Ottawa at the invitation of the Government of Canada. Discussion will focus on causes of past changes in the age structure of countries in the ECE region; the consequences of future changes in the age structure for public revenues and expenditures; the labour force implications of changing population age structures; fertility, internal and international migration as adjustment mechanisms for changing population age structures; the changing structures of families and households and their consequences; and national approaches to developing demographic policies.

2. Fifteenth session of the Working Party on National Accounts and Balances (Geneva, September 1990)

The Working Party is convened to consider the draft of the revised System of National Accounts (SNA).
