A Journal of Prevention,
Assessment & Rehabilitation

From the Editor

This theme issue of *WORK* on *Hands* has been guest edited by Lois Carlson, OTR, CHT and Pam Wilson, OTR, CHT both of Connecticut Combined Hand Therapy Services. I believe you will find the range of topics very comprehensive: from a holistic approach to ergonomic strategies to the management of a client with a ring avulsion injury.

I would like to thank Lois and Pam and all of the invited authors, for all of their efforts to make this issue a success.

Upcoming theme issues will be: driver rehabilitation, workers with diabetes and work practice in Australia. As always, I welcome your feed back and suggestions for future topics.
