

CONTENTS OF CLINICAL HEMORHEOLOGY, VOLUME 6

VOLUME 6, NUMBER 1

1986

Contents

- A.L. Copley and S. Witte 1 *Editorial*
Proceedings of the Fourth European Conference on Clinical Hemorheology, Siena, Italy, 20-22 June 1985
Part II: Round Table "Cerebral Ischemia and Clinical Haemorheology", Guest Editor: H. Lechner
- H. Lechner, E. Ott, N. Ossama, and F. Fazekas 3 Round Table: Follow up studies of the haemorheologic profile in acute ischaemic stroke
- Italian Acute Stroke Study Group 11 Round Table: Italian acute stroke study hemodilution (I.A.S.S.-H.) Organisation and methodology
- B.M. Coull, N.B. Beamer, and G.V.F. Seaman 17 Round Table: Physicochemical risk factors in stroke
- E. Ott, F. Fazekas, H. Valetitsch, E. Körner, and H. Lechner 35 Round Table: The rationale of rheological pharmacological strategy
- M.R. Boisseau, M.F. Lorient Roudaut, G. Freyburger 41 Round Table: Changes in blood filtration during acute cerebrovascular accidents
Non-Conference Communications
Papers
- D. Bareford, J.S. Coppock, P.C.W. Stone, P.A. Bacon and J. Stuart 53 Abnormal blood rheology in Raynaud's phenomenon
- A. Heinen, R. Brunner, V. Hossmann, W. Konen, K. Poll, and Th. Wawer 61 Different types of therapy having haemorheological effects in patients with impairment of blood supply to the retina—Randomized double-blind study
- E. Ernst, A. Matrai, E. Heider, and V. Will 81 Hemorheological and other changes after furosemide
- G.B. Nash and H.J. Meiselman 87 Rheological properties of individual polymorphonuclear granulocytes and lymphocytes
- G. Palareti, C. Finelli, M. Poggi, M.G. Tricarico, M. Fiacchini, P. Ricci, S. Tura, and S. Coccheri 99 Haemorheology in treated polycythaemia vera: The role of hypochromic microcytosis and of plasma viscosity
- 109 *Abstract Section*
I Software Survey Section

Contents	
A.L. Copley	111 <i>Editorial</i> <i>Proceedings of the Fourth European Conference on Clinical Hemorheology, Siena, Italy, 20-22 June 1985</i> <i>Part III</i> <i>Opening Ceremony</i>
T. Di Perri	113 Welcome Address
J. Stuart	117 A Greeting
C. Ricci	118 Welcome Address
A. Grossi	120 Welcome Address <i>Round Table "Methods in Haemorheology II", Editor: H. Schmid-Schönbein</i>
H. Schmid-Schönbein	123 Moderator's Introductory Remarks
S. Baar, D. Bareford, A.J. Keidan, P.C.W. Stone, and J. Stuart	127 Elimination of leucocyte artefacts from erythrocyte filtration tests
V. Bartoli, B. Albanese, P.G. Manescalchi, L. Mannini, and G. Pasquini	137 Influence of blood storage conditions and anti-coagulants on results of blood cell filtration test
D. Seiffge and S. Behr	151 Passage time of red blood cells in the SER; their distribution and influences of various extrinsic and intrinsic factors
	165 <i>Errata, Proceedings, Siena</i>
	Non-Conference Communications
	<i>Papers</i>
A. Heinen, R. Brunner, and V. Hossmann	167 Hemorheological effects of different solutions of dextran, albumin, gelatine and hydroxyethyl starch
S. Forconi, C. Rossi, M. Guerrini, R. Cappelli, M. Materazzi, D. Pieragalli, S. Pecchi, A. Acciavatti, C. Galigani, T. Di Perri	175 Action of cigarette smoking on microcirculation. Effects on some haemorheological, haemodynamic and metabolic parameters
J.E. Mitchell, L. Zuckerman, J.P. Vagher, D.S. Holloway, and J.A. Caprini	185 Viscoelastic coagulation studies of whole blood and plasma using a modified thrombelastograph <i>Brief Communication</i>
G. Palareti, M. Poggi, M.G. Tricarico, F. Cavazzuti, and S. Coccheri	195 High Altitude Expeditions: Haemorheologic effects <i>Letters to the Editors-in-Chief</i>
F.L. Liao	201 Hemorheologic investigation of clotting by rotational viscometer
	203 <i>Abstract Section</i>
	I Software Survey Section

Conference Communications

*Proceedings of the Fourth European Conference
on Clinical Hemorheology, Siena, Italy,
20-22 June 1985*

*Part IV: Round Table "Cardiovascular Diseases
and Clinical Hemorheology", Guest Editor:
S. Forconi*

- | | | |
|--|-----|--|
| S. Coccheri and G. Palareti | 205 | Interrelations between haemorheology, thrombosis and fibrinolysis |
| A.M. Ehrly | 211 | Diagnostic and prognostic relevance of 'extra vivum' rheological results in vascular diseases |
| S. Forconi, D. Pieragalli, A. Acciavatti,
C. Galigani, M. Materazzi, L. Ralli,
M. Franchi F. Laghi Pasini, G.L. Messa,
A. Bianciardi, M. Rigato, P. Bardi,
R. Cappelli, M. Guerrini, and T. Di Perri | 215 | Blood hyperviscosity and peripheral ischemia: The secondary hyperviscosity syndrome of ischemizing vascular diseases |
| E. Volger, C. Pfafferott, R. Bauersachs,
U. Busch, F. Gaim, and M. Stoiber | 229 | Haemorheological aspects of myocardial ischaemia |

Free Communication

- | | | |
|--|-----|--|
| J. Gorjão-Clara, J. Nunes,
and J. Martins-Silva | 245 | Haemorheological studies in Raynaud's syndrome |
|--|-----|--|

*Non-Conference Communications**Papers*

- | | | |
|--|-----|--|
| E. Ernst, A. Matrai, and I. Magyarosy | 251 | Complex environmental changes alter hemorheological, hematological and biochemical variables in volunteers |
| C.M. Smith II, K.L. McClain, D.P. Tukey
and J.H. Moller | 257 | Relationship of cerebrovascular symptoms to blood viscosity in a patient with iron deficiency and cyanotic heart disease |
| D. Norcliffe, M.J. Brown,
and M.E.L. Paterson | 265 | A study of haemorheological behaviour in 150 pregnant subjects |

Brief Communications

- | | | |
|----------------------------|-----|---|
| D.G. Waller and O.S. Roath | 275 | Nifedipine and red cell deformability in angina |
|----------------------------|-----|---|

Letter to the Editors-in-Chief

 Conference Communications
Proceedings of the Fourth European Conference on Clinical Hemorheology, Siena, Italy, 20-22 June 1985
Part V: Round Table "The Rationale of Rheological Pharmacological Strategy-I" Part A, Guest Editor: G. Lenti
- G. Avellone and A. Strano 287 Importance of adjustment of haemorheological and haemocoagulative components in the medical treatment of arteriosclerosis obliterans of the lower limbs
- E. Ernst, A. Matrai, and L. Kollar 297 A randomized, double blind, placebo-controlled, cross-over trial on isovolemic hemodilution in claudicants—preliminary results
- G. Pagano, G. Niort, and A. Pagani 303 Some problems of the pharmacologic treatment of haemorheological alterations of diabetes mellitus
Round Table "The Rationale of Rheological Pharmacological Strategy-II" Part A, Editor: T. Di Perri
- A.M. Ehrly 325 Hemorheology and tissue oxygen supply: Relationship to pharmacological treatment
- E. Ott, K. Niederkorn, and F. Fazekas 331 The implication of haemorheologic abnormalities in cerebrovascular disease
- NON-CONFERENCE COMMUNICATIONS
Papers
- P.C.W. Stone, D. Bareford, and A.J. Keidan 337 Rheological study of density gradient fractionated erythrocytes in diabetes and atherosclerotic vascular disease
- F. Tutinelli, A. Bisbano, G. Cremona, G. Giovannini, V. Musumeci and G. Ciappi 349 Haemorheological changes in chronic respiratory failure
Report of a Meeting
- M. Donner and J.F. Stoltz 357 Report on an "INSERM" technological meeting in biorheology: Techniques available for use in clinical hemorheology
Book Review
- F. Liao 359 BLOOD VISCOSITY, HYPERVISCOSITY & HYPERVISCOSAEMIA
 361 *Abstract Section*
 I Software Survey Section

VOLUME 6, NUMBER 5

1986

Contents

- A.L. Copley and S. Witte 363 *Editorial*
Conference Communication
- U. Bagge, Å. Blixt and M. Braide 365 Fourth European Conference on Clinical Hemorheology
Round Table (Part A): Interrelationship among the blood cells and their influence on flow properties of blood
Macromodel experiments on the effect of wall-adhering white cells on flow resistance
Papers
- A. G. Pockley, P. Davenport, F. Paul, M. Greaves and F.E. Preston 373 The use of high gradient magnetic separation for the preparation of leucocyte- and platelet-free red cell suspensions
- R. Cavestri, A. Pelucchi, B. Mastropasqua, R. Agosti, C. Le Grazie and E. Longhini 381 Effects of isovolemic hemodilution in acute cerebral ischemia
- T.S. Kern, T.C. Romang and R. L. Engerman 395 Erythrocyte filterability in alloxan-diabetes and in experimental galactosemia
- J.C. Barbenel, D.J. Barnes and G.D.O. Lowe 405 The prediction of high shear whole blood viscosity
- G.M. Glass 413 Measurement of the suspension stability of blood in vivo in large blood vessels of the upper limb and in varicose veins
Brief Communication
- I. Aursnes, K. Dahl-Jørgensen and K.F. Hanssen 429 ATP-concentrations in erythrocytes influenced by insulin levels in plasma
Letter to the Editor in Chief
- L. Dintenfass 435 Speculations on depletion of the red cell mass in astronauts, and on space sickness
Reports
- J. Stuart et al 439 Report: ICSH Expert Panel on Blood Rheology; Guidelines for measurement of blood viscosity and erythrocyte deformability
- J. Dormandy, E. Ernst and A. Matrai 455 Report of meeting: Clinical aspects of white cell rheology, Garmisch Partenkirche, 12-13 March, 1986
Abstracts
- 469 *Abstracts of Ninth Annual Meeting, Japanese Society of Biorheology, Ehime, Japan, 13-15 June, 1986*
- 479 *Abstracts: IV Kongress der Deutschen Gesellschaft für Klinische Hämorheologie; Minden/Westfalen (FRG) 24-25 October 1985; Rheologische Diagnostik und Therapie hämorheologischer Krankheitsbilder*
- I Software Survey Section

Contents

A.L. Copley and S. Witte	491	<i>Editorials</i>
		Papers
D. Bareford, G.S. Lucas, P.C.W. Stone, N.M. Caldwell, R. McGonigle and J. Stuart	501	Erythrocyte deformability in chronic renal failure
R. Gueriolini, F. Merante, P. Gresele, S. Grasselli, L. Susani and G.G. Nenci	511	Effect of different plasma expanders on erythrocyte filtrability
M. García Rosasco, P.E. Porta and R.J. Rasia	523	Red blood cell deformability by laser diffracto- metry. Comparison with the filtration time method
M.E. Carr and D.A. Gabriel	529	Altered plasma viscosity and shear dependent gelation of a IgM cryoglobulin
C. Bernasconi, I. Ferraresi and A. Agostoni	541	Power law regression method for blood viscosity quantification
M.C. Parker, J.W. Hynd and J.A. Dormandy	553	Improvement in wound healing in ischaemic limbs by perioperative normovolaemic haemodilution— an animal study
E. Ernst, E. Schmidt-Pauly, P. Mühlig and A. Matrai	561	Blood rheology in patients suffering from pressure sores
E. Longhini, R. Agosti, P. Cherubini, A. Clivati, P. Farini and L. Marazzini	567	Haemorheology in hypertension
M. Stäubli, H. Rufi, P.W. Straub and J. Stuart	577	Measurement of erythrocyte deformability by radial spreading rheometry
M. Stäubli, P.C.W. Stone, P. W. Straub and J. Stuart	589	Evaluation of methods for measuring erythrocyte deformability
C. Bucherer, C. Lacombe, J.C. Lelièvre, A. Grimaldi and F. Bosquet	603	Viscometric study of blood from insulin-treated diabetics with and without refinopathy correlation with biological parameters
G. Artmann	617	A microscopic photometric method for measuring erythrocyte deformability
		<i>Brief Communications</i>
S. Kobayashi, T. Hamazaki, K. Onishi and F. Nomura	629	Blood viscosity in fatty liver patients with obesity
J. Mikita, G. Nash and J. Dormandy	635	A simple method of preparing white blood cells for filterability testing
E. Ernst	641	<i>Literature Survey</i>
	647	<i>Abstract Section</i>
	649	<i>Announcements</i>
