

ANNOUNCEMENT

This issue marks the introduction of a new format to be used in *Biorheology*. This new format necessitates certain procedural changes for authors to follow in the preparation of their manuscripts.

Prospective contributors to *Biorheology* are asked please to be sure to read the updated **Instructions to Authors** located at the back of this journal before submitting any further contributions.

Thank you for your cooperation.

Washington and Rehovot in November 1992
