Notice of retraction

IOS Press has retracted the following publication from its online content: [Cancer Biomarkers, 22(1) (2018), 29-34] 10.3233/CBM-170698

The study of sclareol in inhibiting proliferation of osteosarcoma cells by apoptotic induction and loss of mitochondrial membrane potential
Guoqing Duan¹, Su Hou², Jianjun Ji² and Bin Deng²
¹Department of Bone and Joint Surgery, Affiliated Hospital of Jining Medical University, Jining, Shandong, China
²Pediatric Surgery, Zoucheng People’s Hospital, Zoucheng, Shandong, China
³Department of Bone Surgery, Zoucheng People’s Hospital, Zoucheng, Shandong, China

The corresponding author claims not to have permission of his co-authors, and requested the article to be withdrawn. However, the article shows signs of image manipulation in Fig. 3. The corresponding author did not respond to the image manipulation allegation.
In this light the journal cannot condone publication of this paper and has decided to retract it from its online catalogue.
