A NOTE

CLINICAL HEMORHEOLOGY 9, 6: pp. 885-895

ERYTHROCYTE DEFORMABILITY OF PATIENTS WITH CHRONIC ISCHEMIC
HEART DISEASE (CIHO) INVESTIGATED BY A MODIFIED CAPILLARY-
RIGIDOMETER

M. Paulitschke, D. Lerche and W. Meier

This communication was received at the Executive Editorial Office from our Guest Editor on 5 July 1989. We regret that inadvertently the above date was not noted on the title page of this contribution. It could not be published in issue Nr. 5 of volume 9, as it was a Special Issue on Red Cell Aggregation.
