**EDITORIAL:
SOFTWARE SURVEY SECTION**

The purpose of the Software Survey Section in CLINICAL HEMORHEOLOGY is to encourage the open exchange of information on software programs unique to our professional field. With the rapid penetration of computers into academic and industrial institutions has come a parallel increase in the number of scientists and researchers designing their own software. The existence of much of this software remains unknown to even those of us who could most benefit from its use. We believe that it is of vital importance to our readers that such information be made available. We believe also that a professional journal is the best place to share such information. Your contribution would be most welcome.

The questionnaire on the following pages is designed to assist you in reporting on software that you may have developed or be in the process of developing. By completing this form, your information will reach thousands of your colleagues who may benefit from your work and may possibly offer suggestions for further enhancements to your software. Please complete the enclosed form and return it to:

Dr. Andrew McCulloch
Department of Applied Mechanics and Engineering Sciences
Bioengineering, R-012
University of California/San Diego
La Jolla, CA 92093-0412

We do not intend to review or comment on the contents of the questionnaire. It will be published as is in order to expedite the information cycle process. I would welcome any comments you may have.

JOURNAL NAME CLINICAL HEMORHEOLOGY **P E R G A M O N P R E S S**
S O F T W A R E D E S C R I P T I O N F O R M

Title of software program: _____

Type of program: Application Utility Other _____Category: _____ (ie. Psychological assessment,
statistics, thermodynamics, etc.)

Developed for (name of computer/s): _____

in (language/s): _____

to run under (operating system): _____

available on: Floppy disk/diskette. Specify:Size _____ Density _____ Single-sided Dual-sided Magnetic tape. Specify:

Size _____ Density _____ Character set _____

Hardware required: _____

Memory required: _____ User training required: Yes NoDocumentation: None Minimal Self-documenting
 Extensive external documentationSource code available: Yes NoStage of development: Design complete Coding complete
 Fully operational Collaboration welcomedIs program in use? Yes No How long? _____ How many sites? _____Is the contributor available for user inquiries: Yes No

Distributed by: _____

Cost of program: _____

Demonstration disk available? Yes No Cost: _____

(continued)

RETURN COMPLETED FORM TO:

Dr. Andrew McCulloch
Department of Applied Mechanics and Engineering Sciences
Bioengineering, R-012
University of California/San Diego
La Jolla, CA 92093-0412

[This Software Description Form may be photocopied without permission]

Description of what software does [maximum: 200 words]:

Potential users: _____

Field/s of interest: _____

#

Name of contributor: _____

Institution: _____

Address: _____

Telephone number: _____

#

Reference No. [Assigned by Journal Editor] _____

[The information below is not for publication.]

Would you like to have your program:

Reviewed? [] Yes [] No [] Not at this time

Marketed and distributed? [] Yes [] No [] Not at this time
