CLINICAL HEMORHEOLOGY

VOLUME 15, NUMBER 1

JANUARY-FEBRUARY 1995

CONTENTS

S. Witte and J.-F. Stoltz	1	Editorial
		<i>Conference Communications</i>
		<i>Proceedings of the First International and Eighth European Conference on Clinical Hemorheology, Vienna, Austria, 5-8 July 1993 — Part VII</i>
		<i>Symposium: Diabetic Hemorheology</i>
P. Fasching, S. Kurzemann, B. Wagner, O. Wagner, W. Waldhäusl, H. Ehringer and R. Koppensteiner	3	Only marginal influence of metabolic control on blood rheology in insulin-dependent diabetic patients without manifest angiopathy
		<i>Non-Conference Communications Papers</i>
J.F. Brun, P. Boulot, J.P. Micallef, J.L. Viala and A. Orsetti	13	Physiological modifications of blood viscosity and red blood cell aggregation during labor and delivery
Ching-Rong Huang and Shieh-Shiun Horng	25	Viscoelastic - thixotropy of blood
M.M. Khan, R.R. Puniyani, N.G. Huilgol, M.A. Hussain and G.G. Ranade	37	Hemorheological profiles in cancer patients
N. Antonova, I. Velcheva, D. Boeva and T. Marinova	45	Comparative plasma viscosity measurements in healthy subjects
G. Caimi, R. Lo Presti, M. Montana, B. Canino, G. Ventimiglia, G. Grifò, A. Catania and A. Sarno	53	Rheological and metabolic leucocyte determinants in diabetes mellitus
Md. A. Hussain, R.R. Puniyani and S. Kar	61	Blood viscosity autoregulation factor in cerebrovascular accidents and high risk cases — A new approach
R. Giansanti, M. Boemi, R.A. Rabini, L. Amodio, P. Fioravanti, F. Romagnoli and P. Fumelli	73	Haemorheological profile and retinopathy in patients with diabetic foot ulcer
Wen Zong-yao, Ma Wei-yuan, Sun Da-gong and Chen Ji-di	81	The study on RBC deformability of iron deficiency anemia
N. Tanahashi, Y. Fukuuchi, M. Tomita, M. Kobari, H. Takeda, M. Yokoyama and D. Itoh	89	Effect of single intravenous administration of batroxobin on erythrocyte aggregability in patients with acute-stage cerebral infarction
O.K. Başkurt and M. Edremitlioglu	97	Myocardial tissue hematocrit: Existence of a transmural gradient and alterations after fibrinogen infusions

D. Galaris, D. Yova, P. Korantzopoulos, S. Barbounaki and D. Koutsouris	107	Effects of ascorbic acid on tert-butyl hydroperoxide-induced deformability decrease in human erythrocytes
		<i>Book Review</i>
S. Witte	121	Contributions to Infusion Therapy and Transfusion Medicine - Volume 32: Transfusionmedicine 1993/4
	123	<i>Open Letter</i>
		<i>Announcements</i>
G.B. Nash	125	Standardization in Blood Rheology. Guidelines for Clinical Trials and Laboratory Methodology
	127	International Symposium of Clinical Immunology, 1995, San Francisco, California, July 21-23, 1995
H. Meiselman	128	I.S.C.H. and Laboratoire L. Lafon Hemorheology-Microcirculation Award
		<i>Erratum</i>
J.F. Brun, J.P. Micallef and A. Orsetti	129	Hemorheologic effects of light prolonged exercise
	131	Contents of <i>Biorheology</i> Volume 31, Number 5

CLINICAL HEMORHEOLOGY

VOLUME 15, NUMBER 2

MARCH-APRIL 1995

CONTENTS

		<i>Non-Conference Communications Papers</i>
A. Li, U. Sahn and G.M. Artmann	133	Dihydroergocryptine maintains erythrocyte fluidity in acidotic and hyperosmolar buffer solutions modelling hypoxic and ischemic microcirculation
J.F. Brun, J.F. Monnier, A. Charpiat and A. Orsetti	147	Longitudinal study of relationships between red cell aggregation at rest and lactate response to exercise after training in young gymnasts
S. Iijima, F. Otsuka, H. Ohba, H. Itoga and Y. Kikuchi	157	Rheological anomaly of neutrophils in Behçet's disease by suspension filtration time through a nucleopore filter
C. Soler, A. Caillot, K. Amoussou Guenou, S. Gamand, C. Girtanner, A.C. Benichou, T. Herrmann, J. Juge, M. Voutay, P. Rusch, Y. Delomier and J.C. Healy	167	Quantitative rheological evaluation of the effect of naftidrofuryl on disorders of the cerebral microcirculation
R.J. Rasia	177	Quantitative evaluation of erythrocyte viscoelastic properties from diffractometric data: Applications to hereditary spherocytosis and hemoglobinopathies
C. Dupuy-Fons, J.F. Brun, F. Pellerin, J.C. Laborde, L. Bardet, A. Orsetti and C. Jabon	191	Relationships between blood rheology and transcutaneous oxygen pressure in peripheral occlusive arterial disease

J.F. Brun, J.P. Micallef, I. Supparo, D. Rama, C. Benezis and A. Orsetti	201	Maximal oxygen uptake and lactate thresholds during exercise are related to blood viscosity and erythrocyte aggregation in professional football players
J.F. Brun, J.P. Micallef, I. Supparo, and A. Orsetti	213	Effects of a standardized breakfast compared to fasting on the hemorheologic responses to submaximal exercise
P.L. Capecchi, L. Ceccatelli, S. Petri, A. De Lalla, A. Acciavatti, T. Provvedi, F. Laghi Pasini and T. Di Perri	221	Buflomedil prevents ischaemia-dependent changes in blood rheology and neutrophil reactivity. A possible adenosine-mediated mechanism
		<i>Abstracts</i>
	235	Abstracts of papers presented at the annual meeting of the German Society for Clinical Microcirculation and Hemorheology
		<i>Dissertation Abstract</i>
G.-F. von Tempelhoff	261	Alterations in the clotting system and hemorheology in gynecologic malignancies
		<i>Announcements</i>
M.R. Hardeman	263	Call for sending in dissertations, book (chapters), etc.
T. Di Perri	264	9th European Conference on Clinical Haemorheology, 29 June–1 July 1995, Sienna, Italy
G.B. Nash	267	9th International Congress of Biorheology and 2nd International Conference on Clinical Haemorheology 23–28 July, 1995, Big Sky, Montana, U.S.A.
Megha Singh	268	4th International Conference on Physiological Fluid Dynamics, 8–10 December, 1995, Bombay, India — Satellite Conference of the 9th International Congress on Biorheology, Big Sky, Montana, U.S.A.
		<i>Letter to the Editors-in-Chief</i>
E. Ernst, H. Meiselman, M. Boisseau and G. Nash	269	Co-operation between societies in clinical haemorheology
	271	Contents of <i>Biorheology</i> Volume 31, Number 6

 CLINICAL HEMORHEOLOGY

VOLUME 15, NUMBER 3

MAY–JUNE 1995

CONTENTS

		<i>Non-Conference Communications Papers</i>
Megha Singh and M. Kumaravel	273	Influence of jaundice on aggregation process and deformability of erythrocytes

M. Kumaravel and Megha Singh	291	Sequential analysis of aggregation process of erythrocytes of human, buffalo, cow, horse, goat and rabbit
T. Böhler, S. Wagner, V. Seiberth and O. Linderkamp	305	Blood rheology and retinopathy in premature infants with very low birth weight
G.-F. v. Tempelhoff and L. Heilmann	311	Thrombosis and hemorheology in patients with breast cancer and adjuvant chemotherapy
M. Garnier, F. Zkhir, B. Marc, P. Paries, J.R. Attali and P. Valensi	325	Red blood cell sodium content in NID diabetic patients with hemorheological abnormalities
H.C.A. Hoffmeister, P. Schick, W. Koenig and V. Hombach	335	Effects of captopril and isosorbide dinitrate on hemorheological parameters in patients with chronic congestive heart failure due to coronary heart disease
R.S. Ajmani and R.R. Puniyani	347	Hemorheological changes in congestive cardiac failure
L. Heilmann, A. Kriechbaum, G.-F. v. Tempelhoff, V. Bode and H. Wolf	359	The influence of intravenous immunoglobulin treatment on the blood rheology in pregnancy
A. Acciavatti, D. Pieragalli, T. Provvedi, F. Guideri, F. Laghi Pasini and T. Di Perri	367	Haemorheological changes after thrombolytic treatment with Streptokinase in acute myocardial infarction
		<i>Dissertation Abstract</i>
B.M. Cooke	377	Rheological investigation of the cytoadhesive behaviour of red blood cells parasitised by <i>Plasmodium falciparum</i>
		<i>Brief Communication</i>
A. Chabanel and M.M. Samama	381	Red blood cell aggregation in smokers
	387	<i>Open Letter</i>
		<i>Erratum</i>
A. Li, U. Sahn and G.M. Artmann	389	Dihydroergocryptine maintains erythrocyte fluidity in acidotic and hyperosmolar buffer solutions modelling hypoxic and ischemic microcirculation
		<i>Announcement</i>
	391	The Vienna Physical Medicine Award 1995
	393	Contents of <i>Biorheology</i> Volume 32, Number 1
		<i>Abstracts</i>
	399	9th European Conference on Clinical Hemorheology, Siena, June 29th – July 1st, 1995

CLINICAL HEMORHEOLOGY

VOLUME 15, NUMBER 4

JULY–AUGUST 1995

CONTENTS

*Non-Conference Communications
Papers*

- | | | |
|---|-----|--|
| H. Kiesewetter, K. Erdlenbruch, J. Koscielny,
F. Jung, G. Pindur and E. Wenzel | 601 | Efficacy of hypervolumetric hemodilution with HES 200/0.5 6% versus ringer lactate in patients with asystemic vertigo |
| G. Caimi | 613 | Erythrocyte membrane fluidity and red cell cytosolic Ca^{2+} content during incubation, in normals and in subjects with vascular atherosclerotic disease |
| Wen Zong-yao, Ma Weiyuan,
Gao Tie and Sun Dagong | 619 | Effect of suspending medium viscosity on orientation and deformation of RBCs in a shear flow field |
| P. Mercié, M. Seigneur, J. Constans,
P. Dufourcq, M. Longy-Boursier, J.L. Pellegrin,
C. Beylot, P. Fialon, A. Pruvost, J. Beylot,
M.R. Boisseau and C. Conri | 627 | Microcirculatory disorders in dermatomyositis: Plasma thrombomodulin changes as a marker of endothelial damage |
| M.V. Kameneva, A.S. Parfenov,
L.D. Chirkova and I.P. Baskova | 633 | Piyavit — a complex preparation from the medicinal leech improves blood rheology and decreases platelet aggregation |
| M. Krotkiewski, A. Belboul, S. Palm
Z. Brzezinska, B. Liu and D. Roberts | 641 | The effect of sod-active plant substance (Polbax®) on oxygen free radical (OFR) generation and blood cell rheology |
| P. Költringer, W. Langsteger and O. Eber | 649 | Dose-dependent hemorheological effects and microcirculatory modifications following intravenous administration of Ginkgo biloba special extract EGb 761 |
| G. Caimi, R. Lo Presti, M. Montana
B. Canino, G. Grifò, G. Ventimiglia,
A. Romano, A. Catania and A. Sarno | 657 | Platelet membrane fluidity and platelet cytosolic Ca^{2+} content in several clinical conditions |
| E. Simon, S.M. Razavian, J. Le Beyec,
V. Atger, J.-L. Paul, A. Simon, N. Moatti
and J. Levenson | 667 | Influence of lipoprotein subfractions on dextran- and fibrinogen-induced erythrocyte aggregation |

Brief Communications

- | | | |
|---|-----|--|
| A. Vayá, M. Martínez, M.T. Santos,
J. Vallés, I. Llopis and J. Aznar | 677 | Lipid peroxides and red blood cell deformability in familiar hypercholesterolemia |
| H. Kiesewetter, A. Birk,
N. Ihme and F. Jung | 681 | Association between vasoactive substances and the incidence of cardiovascular events |

		<i>Letter to the Editors-in-Chief</i>
F. Torregiani, M. Umansky-Zeverin, B. Riquelme and R. Rasia	687	Hemorheologic alterations in diabetic patients
		<i>Book Review</i>
D.W. Lubbers	691	Microcirculation of the Brain, a Synoptic View by by World Experts
		<i>Announcement</i>
	693	4th International Conference on Physiological Fluid Dynamics — December 8–10, 1995, Jiwaji University, Gwalior, India
	695	Contents of <i>Biorheology</i> Volume 32, Numbers 2–3

CLINICAL HEMORHEOLOGY

VOLUME 15, NUMBER 5

SEPTEMBER–OCTOBER 1995

CONTENTS

		<i>Non-Conference Communications Papers</i>
B. Tsinamdzvishvili, N. Beritashvili and G. Mchedlishvili	697	Further insight into blood rheological disturbances in essential hypertension
H. Kiesewetter, F. Jung, T. Rother, J. Koscielny, C. Mrowietz, H. Radtke and E. Wenzel	707	Microcirculatory effect of felodipine on patients with essential hypertension
P. Dhar, V. Seshadri G. Jayaraman	715	Haemorheological changes in the patients of myocardial infarction and stroke
P. Yamarat, Y. Chantachum, N. Suthisai and B. Sukchut	729	Increased rigidity of red cells in patients with <i>Plasmodium falciparum</i> , and its possible relation to cerebral malaria
D. Stein, F.C. Schoebel, M. Heins, A. Steinmetz, H. Kaffarnik, D. Uhlich, M. Leschke and B.E. Strauer	737	Lipoprotein(a) and fibrinogen in restenosis after percutaneous transluminal coronary angioplasty
J.M.B. Pöschl, P. Ruef, M. Schnauffer and O. Linderkamp	749	The effect of different <i>Escherichia coli</i> endotoxins on red blood cell deformability
G.G. Ranade, R.R. Puniyani, N.G. Huilgol and M.M. Khan	755	Application of plasma viscosity to assess the status of cancer patients
R. Binsack, K. Stegmeier, L. Dörge and A. Völkl	763	Evidence of different regulation of apolipoproteins A-I and B in human hepatoma HepG2 cells under acute phase conditions
T.W. Chung, T.Z. Chen, J.J.H. Yu, S.Y. Lin and S.C. Chen	775	Effects of α -tocopherol nicotinate on hemorheology and retinal capillary blood flow in female NIDDM with retinopathy

- G. Mchedlishvili, R. Shakarishvili,
M. Aloeva and N. Momtselidze 783 Elaborated— 'Georgian index' of erythrocyte
aggregability characterizing the microrheological
disorders associated with brain infarct
- 795 Contents of *Biorheology* Volume 32, Number 4

CLINICAL HEMORHEOLOGY

VOLUME 15, NUMBER 6

NOVEMBER–DECEMBER 1995

CONTENTS

Non-Conference Communications Papers

- Y.Y. Bilto 797 Effects on natural barometric pressure and oxygen
tension on *in vivo* haemorheological parameters
- P.J.H. Bronkhorst, E.-J. Nijhof
and J.J. Sixma 803 Parametrization of the deformation curve as a tool
for standardization and interpretation of ektacyto-
metric measurements
- J. Koscielny, F. Jung, H. Kiesewetter,
R.P. Franke, H. Radtke and E. Wenzel 817 Cutaneous microangiopathy in patients with von
Willebrand Jürgens syndrome
- R. Langer, K. Rossmannith
and H.A. Henrich 829 Hemorheological actions of the prostaglandins D₂,
E₁, E₂, F_{1α}, F_{2α} and Iloprost®
- D. Eterović, I. Pintarić,
J. Tocilj and Z. Reiner 841 Determinants of plasma viscosity in primary
hyperlipoproteinemias
- Hui Miao, Feng-yuan Zhuang,
You-hua Lin and Quan-fu Xue 851 Mechanism of the reduction of erythrocyte deform-
ability in acute exacerbation patients with chronic
cor pulmonale
- Wen Zong-yao, Ma Wei-yuan,
Jiang Sheng-xian, Sun Da-gong,
Lu Zhi-hong, Shi Yen and Li Yu-mei 859 The study of RBC deformability in NIDDM patients
and its clinical implications
- K. Toth, E. Ernst, Habon, T., I. Horvath,
I. Juricskay and Gy. Mozsik 867 Hemorheological and hemodynamical effects of fish
oil (Ameu) in patients with ischemic heart disease
and hyperlipoproteinemia
- P.R. Rao, S. Jones, Z. Sun, R.S. Hosmane
O. Abugo and J. Rifkind 877 Aspirin analogues and flow of erythrocytes through
narrow capillaries

Brief Communications

- A. Yoshikoshi and A. Sakanishi 889 Erythrocyte volume distribution with two extremes
- E. Oviasu, E. Ojeh and A.A. Famodu 897 Fibrinolytic activity in nephrotic Nigerians

Announcement

- 903 First France Argentine International Symposium on
Biorheology
