#### EDITORIAL

With Issue Number 6 of Volume 5, we completed the first five years in publishing CLINICAL HEMORHEOLOGY. We should like to thank the Editors and Contributors for their efforts. As the field of clinical hemorheology is expanding rapidly, we trust that our Journal will become more and more an aid in the practice of medicine and surgery.

This issue is mainly Part II of the Proceedings of the Fourth European Conference on Clinical Hemorheology, held at Siena, Italy from 20 - 22 June 1985. The issue contains the Round Table "Cerebral Ischemia and Clinical Haemorheology", edited by Guest Editor H. Lechner. Other parts of the Proceedings will be published in subsequent issues. This issue also contains Non-Conference communications.

Our best wishes for a productive and healthy New Year to the Readers of CLINICAL HEMORHEOLOGY.

A.L. Copley and S. Witte  
Editors-in-Chief

Note: Part I of the Proceedings of the Fourth European Conference on Clinical Hemorheology appeared in Volume 5, Number 6, 1985.
