

## INFORMATION FOR CONTRIBUTORS

Contributors may be interested to know that the *ICCA Journal*, as of Vol. 10, No. 1, is a source for the Institute for Scientific Information® (ISI) for inclusion in the CompuMath Citation Index® (CMCI®), the Automatic Subject Citation Alert (ASCA®) and SCISEARCH®, ISI's on-line database. Author abstracts are now also available in Current Contents on Diskette®, and in on-line files such as SCISEARCH® and Current Contents Search®. Moreover, the Journal is also a source for the Information Company R.R. Bowker for inclusion in the International Serials Database which is a source for Ulrich's International Periodicals Directory and the DIALOG on-line service.

Being included in the CMCI®, the *ICCA Journal* is one of the 400 Journals in mathematics, computer science, statistics, operations research, and related disciplines which is abstracted and/or indexed and/or available as tearsheets; this means that the Journal now is accessible in (on-line) database form.

### Submission of material

Contributions to the Journal are welcomed in any form, although preferably by E-mail or on an MS-DOS formatted 5.25 or 3.5 inch diskette. In case contributors prepare their manuscripts with high-quality wordprocessors, it should be noticed that text files in VENTURA, TEX or TROFF format are processable directly by the Editors, thereby alleviating their task considerably.

## ICCA's SPONSORS

The production of the *ICCA Journal* depends on authors submitting their articles **and** on a secretarial staff, first guiding the submissions through the refereeing process and then taking care of the text down to the last detail. The latter is a heavy and time-consuming task.

The Editors and the Board of the ICCA gratefully recognize the help by the **SWOL Foundation** (Foundation for Scientific Education in Limburg), who again provided the Editor-in-Chief for 1993 with a grant covering part of the support required.

We are glad to repeat that

- **Mephisto**, Hegener + Glaser AG of Munich, Germany, and
- **Saitek Ltd.** (SciSys-W Ltd.) Kwun Tong, Hong Kong

have again renewed last year's pledge of support. Our gratitude for their sponsorships extends beyond their welcome material contributions; we feel that sponsors have contributed towards our being recognized as the leading Journal in the field of computer chess.

The recognition so extended to us is most helpful but does not yet solve all our financial problems. New sponsors are welcomed.
