## ICCA PROGRAMMERS' CONTACTS

*Don Beal*<sup>1</sup>

London / England

The ICCA from time to time receives requests from members writing their own chess programs, asking to be put into contact with other chess programmers.

The ICCA is willing to create and maintain a list of members who are interested in being contacted for this purpose. There will be two lists: an email list and a postal list. Each list will be accessible to its entrants. If you would like to be entered on either or both, send email to [icca@dcs.qmw.ac.uk](mailto:icca@dcs.qmw.ac.uk) or post to Don Beal at the address given on the inside front cover.

Requests to join the postal list **must** be accompanied by an addressed envelope (it need not be stamped). The envelope will serve for sending the list when compiled.
