

## INFORMATION FOR CONTRIBUTORS

### Submission of material

Contributions to the Journal of up to 4000 words are welcome in any form. Short contributions (2000 - 3000 words) are preferred. Longer papers of striking originality and cogency may be considered, provided the authors consent to publication in instalments. Authors are urged to supply full references, including the names and location of publishers and ISBN or ISSN numbers where applicable.

While any form is welcome, efficiency of production imposes an editorial preference for some forms usual in electronic communications. The preferred forms are (in that order) Word (version 7.0 or convertible), LaTeX (information on the ICGA LaTeX style file can be found at <http://www.cs.unimaas.nl/~donkers/icga>) or plain ASCII. Contributions can be emailed to [journal@icga.org](mailto:journal@icga.org).

Figures not conveniently accommodated in any of the above formats may be submitted either in PostScript format or as camera-ready hard copy. We urge contributors not to hesitate to submit their material in the form which most clearly represents the authors' wishes as to lay-out and presentation. More information is available at our homepage at <http://www.icga.org>.

### Abstracting and indexing

Contributors may be interested to know that the *ICGA Journal* (and previously the *ICCA Journal* as of Vol. 10, No. 1 (1987)), is a source for the Institute for Scientific Information<sup>®</sup> (ISI) for inclusion in the CompuMath Citation Index<sup>®</sup> (CMCI<sup>®</sup>), the Automatic Subject Citation Alert (ASCA<sup>®</sup>) and SCISEARCH<sup>®</sup>, ISI's on-line database. Author abstracts are now also available in Current Contents on Diskette<sup>®</sup>, and in on-line files such as SCISEARCH<sup>®</sup> and Current Contents Search<sup>®</sup>. Moreover, the Journal is also a source for the Information Company R.R. Bowker for inclusion in the International Serials Database which is a source for Ulrich's International Periodicals Directory and the DIALOG on-line service.

Being included in the CMCI<sup>®</sup>, the *ICGA Journal* is one of the 400 Journals in mathematics, computer science, statistics, operations research, and related disciplines which is so abstracted, this means that the Journal is accessible in (on-line) database form.

### How to order reprints

To ICGA members and authors, reprints are available at special rates, to non-members, at the standard rates. See <http://www.cs.unimaas.nl/icga.htm>. Both rates are exclusive of charges for handling and postage. The minimum number of copies to be ordered is 100. More than 200 copies can be provided by special quotation. The reprints will be sent to you directly from the printers' after receipt of payment. Requests for reprints should be addressed to the Production Manager of the *ICGA Journal*: Johanna Hellemons, ICGA, c/o Universiteit Maastricht, Department of Computer Science/IKAT, P.O. Box 616, 6200 MD Maastricht, The Netherlands. Please indicate the title of the articles you wish to order, with the Volume and page numbers of the *ICGA Journal* in which the article has been published and remit the amount requested for the reprints plus handling and postage *free of all banking charges*, in the manner indicated for payment of renewal charges on page 264.

### The Editorial Board

Broadening the scope of the Journal from chess to games has resulted in an extended Editorial Board, which now possesses specific knowledge on a variety of games. We mention Chess, Checkers, Draughts, Poker, RoShamBo, Othello, Go, Chinese Chess, Bridge, Shogi, Amazons, Backgammon, LoA, Pool, Clobber, and Dots and Boxes. Contributors are encouraged to bring their submissions to the attention of the Editor-in-Chief via a game-knowledgeable member of the Editorial Board. Their names and email addresses are
