

PROF. DR. IR. W.P.A. VAN LAMMEREN 1930 - 1970

On the 1st of November 1970, it has been 40 years since Prof.dr.ir. W.P.A. van Lammeren, general director of the Netherlands Ship Model Basin, joined its staff.

We congratulate this outstanding scientist and research manager, initiator of 'International Shipbuilding Progress' and Editor-in-Chief for a long period, with this remarkable jubilee.
