
Editorial Comment

We would like to welcome Richard Bohannon, EdD, PT, NCS, to our Editorial Board. Richard was previously editor of the *Journal of Human Muscle Performance* and will be providing expertise and editorial review/comments of this exciting clinical arena. Specific manuscripts in this area have been targeted to Richard's attention and we look forward to these materials.

We would like to thank the numerous clinicians/researchers who are submitting the manuscripts that

make the *Isokinetics and Exercise Science* what it is and what it will become! Also, we would like to offer a big thank you to our Editorial Board for their assistance, as well as the staff at Butterworth-Heinemann who so ably guide and assist in the process of journal production. THANK YOU!
