# Retraction to: Cyclosporin A inhibits Al-induced cytochrome c release from mitochondria in aged rabbits

Pre-press 1 March 2024

IOS Press has retracted the following publication from its online content:  
[Journal of Alzheimer's Disease, 3(4) (2001), 387-391, DOI: 10.3233/JAD-2001-3404]

### **Cyclosporin A inhibits Al-induced cytochrome c release from mitochondria in aged rabbits**

Othman Ghribi<sup>a</sup>, David A. DeWitt<sup>d</sup>, Michael S. Forbes<sup>a</sup>, Ayala Arad<sup>a</sup>, Mary M. Herman<sup>c</sup>  
and John Savory<sup>a,b</sup>

<sup>a</sup>*Department of Pathology, University of Virginia, Charlottesville, VA, USA*

<sup>b</sup>*Biochemistry and Molecular Genetics and Chemistry, University of Virginia, Charlottesville, VA, USA*

<sup>c</sup>*IRP, NIMH, NIH, Bethesda, MD, USA*

<sup>d</sup>*Departments of Biology and Chemistry, Liberty University, Lynchburg, VA, USA*

The Editorial Office was notified that there was an ethical concern regarding Fig. 1. Investigating the matter, the Editorial Office was informed by the first author of the paper that he and the senior/last author are retired with no more access to the original data. Based on this circumstance and because the validity of some representative images has also been brought into question, the Editorial Office has decided to retract the paper.
