Acknowledgment of JAISE's reviewers

Over the past five years of its life, our Journal has been supported by a large number of colleagues who contributed with their time and expertise to assess the quality of the submissions to JAISE and helped decide which papers qualify to be published. These reviewers and referees are a very important part of the JAISE community and we would like to explicitly thank all of them for their valuable contributions.

The effort of reviewers often remains unnoticed in the community served by a journal, especially in a blind review system. Since last year, we follow the practice of acknowledging the participation of our reviewers in the making of JAISE.

As a second step towards making our gratitude explicit and highlighting the importance of the contributions made by our reviewers, we have also implemented the practice of selecting two reviewers each year who have consistently provided detailed and quality reviews and inviting them to serve as part of the Editorial Board of JAISE.

The list of reviewers in the period of November 2012 to November 2013 includes¹: *Munjal Aarti, Sameh Abdel-Naby, Bessam Abdulrazak, Jesús Alcobber, Hande Alemdar, Aitor Almeida, Ana Almeida, Mohammed AlMulla, Giner Alor-Hernandez, Jorge Alvarez, Arshia Azam, Asier Aztiria, Sebastian Bader, Erwin Bakker, Koray Balcä, Matt Ball, Rosario Baltazar, Tanvi Banerjee, Oresti Banos, Rafael Baquero S., Paolo Barsocchi, Nikos Batalas, Michael Beigl, Tilde Bekker, Rik Bellens, Yacine Bellik, Edgard Benítez-Guerrero, Shlomo Berkovsky, Nik Bessis, Nicola Bicocchi, Antonis Bikakis, Josep Blat, Robert Blatnik, Olivier Boissier, Dario Bonino, Marko Borazio, Zoran Bosnić, Juan Botia, Paolo Bottoni, Abdenour Bouzouane, Oliver Brdiczka, A.J.
