

**MASTER INDEX VOLUMES 11-20\***

(The volume number is given in front of the page numbers)

- Abbott, T.A. and S.H. Andrews**, The Structure of U.S. Manufacturing: A Technological Perspective (19) 241-279
- Abbott, T.A. III**, Measuring High Technology Trade: Contrasting International Trade Administration and Bureau of Census Methodologies and Results (17) 17-44
- Abolafia, J.**, *see* G.G. Fillenbaum (12) 325-347
- Abolafia, J.**, *see* G.G. Fillenbaum (12) 349-360
- Acharya, A. and H.J. Wall**, An Evaluation of the United Nations' Human Development Index (20) 51-65
- Adams, F.G., G. Faulhaber and S. Siwaraksa**, Measuring Services Output - The Wharton index of Services Production (15) 155-166
- Adler, M.**, The Future of SIPP for Analyzing Disability and Health (18) 91-124
- Akin, J.S.**, *see* R.E. Bilsborrow (11) 73-74
- Alexander, L.**, There Ought to Be a Law ... (12) 279-287
- Andrews, S.H.**, *see* T.A. Abbott (19) 241-279
- Andrews, S.H.**, *see* S.V. Nguyen (14) 325-340
- Andrisani, P.J.**, *see* T.N. Daymont (11) 203-310
- Bachu, A. and M. O'Connell**, Developing Current Fertility Indicators for Foreign-Born Women from the Current Population Survey (12) 185-195
- Bailey, A.J.**, Opportunities for Geographic Research with the National Longitudinal Survey of Youth (20) 67-77
- Balk, B.M. and H.M.P. Kersten**, On the Precision of Consumer Price Indices Caused by the Sampling Variability of Budget Surveys (14) 19-35
- Bane, M.J. and J. Welsh**, SIPP's Potential Contributions to Policy Research on Children (13) 273-279
- Barkenbus, J.**, Southern State Energy Data Needs (11) 49-55
- Barnett, W.A.**, Understanding the New Divisia Monetary Aggregates (11) 349-355
- Beaulieu, E.**, *see* L. Schembri (16) 55-70
- Beck, D.M.**, *see* D.A. Swanson (20) 25-50
- Bell, C.S.**, SIPP and the Female Condition (13) 263-271
- Beller, A.H.**, *see* J.W. Graham (13) 209-214
- Belman, D., T.E. Franklin and J.S. Heywood**, Comparing Public and Private Earnings Using State Wage Surveys (20) 79-94
- Belzer, D.B., M.A. Kellogg and J.M. Roop**, Development of Estimates of Emergency Operating Capacity for 4-Digit SIC Manufacturing Industries (19) 141-158

\* Since Volume 13, the name of this journal has been changed from *Review of Public Data Use to Journal of Economic and Social Measurement*.

- Bennett, R.L.**, *see* **B.R. Bergmann** (12) 91–96
- Bergmann, B.R. and R.L. Bennett**, Macroeconomic Models on Microfoundations: Data Requirements (12) 91–96
- Berk, M.L., C.M. Horgan and S.M. Meyers**, The Reporting of Stigmatizing Health Conditions: A Comparison of Proxy and Self-Reporting (14) 197–205
- Bilsborrow, R.E. and J.S. Akin**, Reply to Robert Nakosteen (11) 73–74
- Blake, D.**, The Investments and Returns of Private Sector Pension Funds in the UK 1963–1978 (15) 181–224
- Blangiewicz, M., T.W. Boft and W.W. Charemza**, Alternative Data for the Dynamic Modelling of the East European Transformation (20) 1–23
- Blank, R.M. and P. Ruggles**, Using the Survey of Income and Program Participation to Understand Poverty and Economic Need (18) 155–176
- Boft, T.W.**, *see* **M. Blangiewicz** (20) 1–23
- Boon, M.**, *see* **H. Van Driel** (19) 37–39
- Braden, J.J. and S.B. Cohen**, An Application of Small Area Estimation Techniques to Derive State Estimates of Health Insurance Coverage from the 1987 NMES (20) 193–213
- Braden, J.J.**, *see* **S.B. Cohen** (20) 163–191
- Brooks, L. and D. Buckmaster**, The Impact of Inflation on the Monetary Stocks of the Firm (14) 51–63
- Brown, P.J.B.**, Guest Editorial: The British Population Census (13) 1–4
- Buckmaster, D. and E. Saniga**, Distributional Forms of Financial Accounting Ratios: Pearson's and Johnson's Taxonomies (16) 149–166
- Buckmaster, D., E. Saniga and S. Tadesse**, Measuring Lobbying Influence Using the Financial Accounting Standards Board Public Record (20) 331–356
- Buckmaster, D.**, *see* **L. Brooks** (14) 51–63
- Buongiorno, J.**, *see* **B. Orr** (15) 225–235
- Burt, V.L. and S.B. Cohen**, A Comparison of Methods to Approximate Standard Errors for Complex Survey Data (12) 159–168
- Burt, V.L.**, *see* **S.B. Cohen** (13) 125–152
- Buss, T.F.**, Unemployment Rates and Their Implications for Human Resource Planning (14) 1–18
- Buss, T.F., X. Lin and M.G. Popovich**, Locating New Firms in Local Economies: A Comparison of Sampling Procedures in Rural Iowa (17) 45–55
- Byre, C.S.**, *see* **R. Mullner** (11) 57–65
- Byre, C.S.**, *see* **R.M. Mullner** (11) 85–192
- Cain, G.G.**, The Future of SIPP for Analyzing Labor Force Behavior (18) 25–46
- Carlson, B.L.**, *see* **S.B. Cohen** (15) 281–299
- Carlson, B.L., S.B. Cohen and A.E. Johnson**, Family Unit Constructs, Dynamics, and Analysis in the Household Component of the NMES (20) 215–235
- Cartwright, D.W.**, Establishment Reporting in Major Administrative Record Systems (11) 1–10
- Charemza, W.W.**, *see* **M. Blangiewicz** (20) 1–23
- Charlton, M., S. Openshaw and C. Wymer**, Some New Classifications of Census Enumeration Districts in Britain: A Poor Man's ACORN (13) 69–96

- Charney, A.H.**, *see* **C.A. Taylor** (11) 315–329
- Christian, C.W.**, Endogenous Sampling in the Statistics of Income Panel of Individual Returns (16) 199–219
- Citro, C.F. and G. Kalton**, Introduction (18) 1–4
- Clark, C.Z.F. and J.L. Coffey**, How Many People Can Keep a Secret? Data Interchange Within a Decentralized System (12) 271–277
- Coder, J.F.**, *see* **C.T. Nelson** (19) 41–58
- Coffey, J.L.**, *see* **C.Z.F. Clark** (12) 271–277
- Cohen, S.B.**, Data Collection Organization Effect in the National Medical Care Utilization and Expenditure Study (14) 367–378
- Cohen, S.B.**, Estimation Concerns for Family Level Analysis in National Longitudinal Health Care Surveys (17) 57–67
- Cohen, S.B.**, Guest Editor's Preface (20) 159–161
- Cohen, S.B.**, Present Limitations in the Availability of Statistical Software for the Analysis of Complex Survey Data (11) 338–344
- Cohen, S.B. and J.J. Braden**, Alternative Options for State Level Estimates in the National Medical Expenditure Survey (20) 163–191
- Cohen, S.B. and V.L. Burt**, Data Collection Frequency Effect in the National Medical Care Expenditure Survey (13) 125–152
- Cohen, S.B., A.E. Johnson and B.L. Carlson**, An Analysis of Part-Year Non-response in the Household Component of the National Medical Expenditure Survey (15) 281–299
- Cohen, S.B. and D.E.B. Potter**, An Estimation Strategy to Represent the Institutional User Population in the 1987 National Medical Expenditure Survey (19) 159–177
- Cohen, S.B.**, *see* **J.J. Braden** (20) 193–213
- Cohen, S.B.**, *see* **V.L. Burt** (12) 159–168
- Cohen, S.B.**, *see* **B.L. Carlson** (20) 215–235
- Cohen, S.B.**, *see* **D.C. Walden** (20) 117–135
- Congdon, P. and J. Shepherd**, Small-Area Social Change in Greater London: A Regression Approach to Measurement (13) 49–67
- Connelly, R.**, The Future of SIPP for Analyzing Child Care and Child Support (18) 213–230
- Coomes, P.A. and D.O. Olson**, Using BEA and BLS Data to Monitor Metropolitan Area Economic Performance (16) 167–183
- Coomes, P., W. Stober and R. Thalheimer**, Measuring the Intrastate Distribution of State Government Funds: A Case Study (20) 285–329
- Crimmins, E.M.**, Implications of Recent Mortality Trends for the Size and Composition of the Population Over 65 (11) 37–48
- Cunningham, P.J.**, *see* **D.E.B. Potter** (20) 263–283
- Dahmann, D.C.**, The Survey of Income and Program Participation as a Source of Migration Data (15) 57–70
- Dalgaard, E.**, An Input-Output Analysis of Danish Trade and Specialization 1966–1983 (15) 105–130
- David, E.L. and H.M. Peskin**, The USGS National Water Use Data System: An Optimal Data Base? (12) 97–105
- David, E.L.**, *see* **H.M. Peskin** (12) 45–53

- David, M.**, Introduction: the Design and Development of SIPP (13) 215–224
- David, M.**, The Distribution of Income in the United States: Implications for the Design of the SIPP Panel (13) 305–317
- David, M., A. Robbin and R.C. Rockwell**, Summary and Recommendations: Second SSRC Symposium on the Scientific and Research Potential of SIPP—June 28–29, 1985 (13) 385–392
- David, M., R.C. Rockwell, A. Robbin and F.W. Monfort**, Summary of the SIPP Conference and Recommendations of the Conferees (13) 377–383
- David, M.H.**, Alternative Scientific Designs for the Survey of Income and Program Participation (SIPP) (18) 5–23
- Daymont, T.N. and P.J. Andrisani**, The Research Uses of the National Longitudinal Surveys: An Update (11) 203–310
- Dean, B.V.**, *see* **A. Reisman** (14) 357–365
- Deberg, C.L.**, *see* **K.A. Shriver** (19) 281–304
- Deberg, C.L., K.A. Shriver and S.W. Wheeler**, An Examination of the Substitution and Supplement Effects of Current Cost Ratios (17) 1–16
- DeJong, G.F.**, *see* **J.M. Kennedy** (14) 107–120
- Denham, C.**, The 1981 Census in Retrospect (13) 5–17
- Doyle, P.**, Future of SIPP for Modeling Program Eligibility under Need-tested Programs (18) 303–334
- Dresch, S.P.**, Education and Lifetime Earnings: the Census Bureau's Misguided Misrepresentations (11) 357–360
- Driel, H. van and M. Boon**, Private Consumption Expenditure and Price Index Numbers for the Netherlands, 1921–1938 and 1948–1988 (19) 37–39
- Dugan, M.T. and K.A. Shriver**, FASB Statement 33 Data Base: Compositional Characteristics, Potential Uses, and Sources of Measurement Error (15) 27–36
- Dugan, M.T. and K.A. Shriver**, The Measurement of Real-Asset Determinants of Systematic Risk and the Likelihood of Receipt of Uncertainty Qualifications (17) 203–215
- Dugan, M.T., K.A. Shriver and A.C. Wilson**, The Utilization of the Census X-11 Model for Audit Planning Purposes (16) 185–197
- Duleep, H.O.**, Incorporating Longitudinal Aspects into Mortality Research Using Social Security Administrative Record Data (14) 121–133
- Duncan, G.J.**, A Framework for Tracking Family Relationships Over Time (13) 237–243
- Duncan, G.J. and M.S. Hill**, Conceptions of Longitudinal Households: Fertile or Futile? (13) 361–375
- Duncan, J.W.**, Disclosure and Confidentiality Issues in the Federal Statistical Environment: Comments (12) 317–320
- Duncan, J.W.**, Private Sector Data on Business Failures (11) 29–35
- Escueta, E.S.**, *see* **A. Reisman** (14) 357–365
- Espenshade, T.J. and D.A. Wolf**, SIPP Data on Marriage, Separation, Divorce, and Remarriage: Problems, Opportunities, and Recommendations (13) 229–236
- Fairchild, H.H.**, School Size, Per-Pupil Expenditures, and School Achievement (12) 221–229
- Farley, R.**, Understanding Racial Differences and Trends: How SIPP Can Assist (13) 245–261
- Faulhaber, G.**, *see* **F.G. Adams** (15) 155–166
- Fields, G.S. and G.H. Jakubson**, Labor Market Analysis Using SIPP (13) 281–286
