

Keyword Index Volume 1 (2012)

anatomy	161	endoscopy	65
apparent diffusion coefficient	59	epilepsy	105
apparent diffusion coefficient values	43	Ewing sarcoma	283
arachnoid cyst	105	extracranial	49
autonomic dysfunction	137	eye	161
blood flow velocity	95	fetal	37, 147
brain	43, 95, 147, 197	fetal diffusion tensor imaging	225
brain abscess	127	fetal diseases	197
brain malformation	269	fetal MRI	211, 225, 269
brain tumor	81, 317	fetal neurosurgery	253
cardiac arrest	55	fetal spectroscopy	225
central nervous system	261	fetal surgery	253
central nervous system abnormalities	171	fetal ultrasound	269
cephalothoracopagus	133	fetus	155, 161
cerebellum	81	GBS	137
cerebral vessels	121	genitourinary	287
cerebrospinal fluid	71	gray matter	25
chest compressions	55	growth	161
children	81, 117	HbA1c	25
choroid plexus papilloma	317	holoprosencephaly	299
cisternography	71	human	197
conjoined twins	133	hydrocephalus	65, 71, 253
copper uptake	121	hydromyelia	65
cord compression	293	hypertension	137
cranial	105	infant	293
CT	7	infection	137
developmental delay	121	intracranial	49
developmental venous anomaly	305	Janiceps	133
diastematomyelia	211	lateral ventricle	37
diffusion MRI	197	Leigh syndrome	59
diffusion-weighted imaging	43, 59	malformation	211
Doppler US	95	Mercedes-Benz sign	287
dorsal dermal sinus	211	mesial temporal sclerosis	19
dynamic fetal MRI	225	metabolic control	25
<i>E. cloacae</i>	127		
edema	137		
EEG	19		

metastasis	283	sacrococcygeal teratoma	211
middle interhemispheric variant	299	safety	155
Monosymmetros	133	sella	313
MRA	95	sinus pericranii	49
MRI	7, 19, 43, 71, 81, 121, 127, 147, 155, 161, 171, 197, 261, 293	spina bifida	253
MRS	197	spinal cord injury	55
Mulibrey nanism	317	spinal subdural hematoma	55
multimodal MRI	117	spine	147, 211
myelomeningocele	65, 253	stroke	117
myelomeningoceles	211	surgery	105, 293
		syntelencephaly	299
		syringomyelia	65
neonate	127		
neural tube defect	253	temporal lobectomy	19
neurocognition	25	temporal lobe epilepsy	19
neurodegenerative diseases	121	thrombolysis	117
neuropsychological performance	25	tuberculosis	293
newborn infant	95	Tuberous sclerosis complex	43
		tumor-like lesions	261
orbit	161	Type 1 diabetes	25
orbit and periorbital imaging	7		
		ultrasonography	37
pediatric	313	ultrasound	171
pediatrics	7, 25, 261, 287		
pediatric tumors	283	venous	49
phase-contrast-MRI	71	venous angioma	305
plexiform neurofibroma	287	ventriculomegaly	253, 269
prenatal	171	vessel tortuosity	95
prenatal surgery	253	voxel-based-morphometry	25
PRES	137		
primitive neuroectodermal tumor	283	white matter	25
pseudonormalization	59		
Rathke's cleft cyst	313		
resting state fetal MRI	225
