

Forthcoming meetings convened by the Conference of European Statisticians

Joint UN/ECE-OECD Meeting on National Accounts (Paris, 9–12 May 1995)

The participants will discuss the new questionnaires for reporting data according to the 1993 SNA (1993 SNA Questionnaire for OECD member countries, Eurostat questionnaire and UNSD questionnaire); accounting under inflation; valuation of natural resources in balance sheets; national experiences in measuring informal activities; institutional sectoring; functional classifications; problems and solutions in the treatment of subsidies; and, statistical discrepancies caused by rebasing.

Joint UN/ECE-Eurostat Work Session on Population Censuses (Geneva, 17–19 May, 1995)

The joint UN/ECE-Eurostat Work Session is expected to review the difficulties encountered by countries in complying with the UN/ECE recommendations for the 1990 round of population censuses. It will also consider various national practices in the 1990 round of population censuses including the future work required for the preparation of an updated set of recommendations for the 2000 round of population censuses.

1995 Plenary Session of the Conference of European Statisticians (Geneva, 12–15 June 1995)

The forty-third plenary session of the Conference of European Statisticians will be attended by the presidents of the statistical offices of virtually all member states of the UN/ECE and by the heads of the statistical services of most international organizations working in the region. The coordination of statistical work in the region will figure prominently on the agenda. The Conference will also discuss possibilities to describe statistically the effects of ongoing integration processes in the UN/ECE region.
