List of documents issued by the Conference of European Statisticians

July 1982–June 1983

Copies of the documents listed can be obtained from the Statistical Division of the ECE, Palais des Nations, CH-1211 Geneva 10. Documents are generally available in English, French and Russian.

- Matters arising from the thirty-eighth session of the ECE (CES/479)
- Matters arising from the discussions and decisions of the twenty-second session of the Statistical Commission (CES/480)
- Analytical and parastatistical work in statistical agencies (CES/481)
- Danish experience with the administration of a central register of enterprises and establishments and with macro-economic modelling (CES/481/Add.1)
- Experiences with analytical work in the Central Bureau of Statistics of Norway (CES/481/Add.2)
- The parastatistical activities of the State Central Statistical Office of the German Democratic Republic (CES/481/Add.3)
- The role, purpose and implications of analytical and parastatistical work in statistical agencies (CES/481/Add.4)
- Statistical instrumental systems as a tool of co-ordination and development of socio-economic information systems (CES/481/Add.5)
- Use of regular financial transactions data for the needs of economic statistics in Yugoslavia (CES/481/Add.6)
- Legal and technical means for protection of data in statistics production (CES/482)
- Problems in developing the protection of data (CES/482/Add.1)
- Privacy legislation and statistical research: a view from the Netherlands (CES/482/Add.2)
- French legal instruments for the protection of data on individual units collected for a statistical purpose (CES/482/Add.3)
- Freedom of information and confidentiality of personal data (CES/482/Add.4)
- Protecting the confidentiality of individual statistical records in Canada (CES/482/Add.5)
- Statistical activities under the programmes of the subsidiary bodies of the ECE in 1982/83 and programmes of work for 1983/84 (CES/483)
- Statistical activities of international organizations in Europe (CES/484 and addenda)
- Progress report on the activities of the ECE/UNDP Statistical Computing Project in 1982 (CES/485)
- Co-operation between ECE member countries in software development after 1984 (CES/485/Add.1)
- Progress report on the activity of the Computing Research Centre, Bratislava in 1982 (CES/486)
- Report on the training activity of the enterprise of computing application in 1982 (CES/487)
- Possible terms of reference and timing of the envisaged seminar for executive heads of statistical offices (CES/488)
- Topics for substantive discussion at the thirty-second and later plenary sessions (CES/489)
- Direction of future work by the Conference of European Statisticians (CES/490)
- Inventory of practices in price observations carried out by ECE member countries in other countries (CES/491)
- General energy statistics (CES/492)
- Statistics and indicators on the situation of women (CES/493)
- Statistics of households and families (CES/494)
- Programme of work of 1983/84–1987/88 (CES/495)
- Exchange of data on international migration flows (CES/496)
- Migration statistics (CES/497)
- Draft standard international classification of land use (CES/498)
- Statistics of fauna and flora (CES/499)
- Environmental indicators (CES/501)
- General methodological problems in environment statistics (CES/502)
- Report of the thirty-first plenary session of the Conference of European Statisticians (ECE/CES/22)
- National reports on statistical EDP equipment and organization (CES/WP.9/192 and addenda)
- National reports on generalized computer programs (CES/WP.9/193 and addenda)
- Data grid (CES/WP.9/194)
- Automated cell suppression to preserve confidentiality of business statistics (CES/WP.9/195)
- Logical security of data (CES/WP.9/196)
- Integrating disclosure techniques into the computer tabulation process (CES/WP.9/197).
- The integrated statistical computing environment at the Australian Bureau of Statistics: progress problems and prognosis (CES/WP.9/198)
- Integration of the statistical information system – development and present state of the problem area (CES/WP.9/199)
- Metainformation as a method of integration of the German Democratic Republic's Statistical Information System (CES/WP.9/200)
- Methods for integrating the statistical information system (CES/WP.9/201)
Relational modelling for ADABAS implementations at the Australian Bureau of Statistics (CES/WP.9/202)

Experiences in data structuring gained from running a general statistical data bank system (CES/WP.9/203)

A fan model of statistical data (CES/WP.9/204)

National reports on the creation and development of automated data banks (CES/WP.9/205)

The creation and development of automated statistical data banks in the United Kingdom (CES/WP.9/205/Add.1)

Development of statistical data bases in Finland (CES/WP.9/205/Add.2)

The International Trade Data Base – COMTRADE (CES/WP.9/205/Add.3)

The automated data bank of the automated state statistical system (CES/WP.9/205/Add.4)

Progress report on the development and use of regional statistical data banks in Poland (CES/WP.9/205/Add.5)

The situation in France regarding statistical data banks (CES/WP.9/205/Add.6)

Process development of the building up of data banks in the automated statistical information system (CES/WP.9/205/Add.7)

Data banks in ISTAT (CES/WP.9/205/Add.8)

List of papers presented at the ISIS seminars in the period 1977–1982 (CES/WP.9/206)

Generalized software for short-term statistical information systems (CES/WP.9/207)

General systems for short-term statistical data processing (CES/WP.9/208)

Standardization and international comparability of statistics of education (CES/AC.23/27)

Social indicators in the field of education (CES/AC.23/28)

National reports on individual data systems in the field of education (CES/AC.23/29 and addenda)

Review of work of international organizations in the field of education (CES/AC.23/30)

Progress report on the development of community education statistics (CES/AC.23/30/Add.1)

Priority areas for future work on statistics of education (CES/AC.23/31)

Comparative survey of national compilations of environment statistics (CES/AC.40/17).

Comparative analysis of approaches used in natural resource accounting schemes (CES/AC.40/18)

The possible impact of national accounts and balances on the development of frameworks for environment statistics (CES/AC.40/19)
- Links between environment and socio-demographic statistics (CES/AC.40/20)
- Framework for environment statistics and state of environment reporting: the Canadian experience (CES/AC.40/21)
- Report of the Meeting on Frameworks for Environment Statistics (CES/AC.40/23)
- Measuring gross labour force flows in Czechoslovakia (CES/AC.40/11)
- Gross flow estimates in Swedish labour force surveys (CES/AC.40/12)
- Labour force flow statistics – An examination of objectives, collection methods, measurement issues and presentation formats (CES/AC.40/13)
- Seasonal adjustment by frequency determined filter procedure (FD) (CES/AC.40/14)
- Total number of hours worked and paid for: Data sources, estimation methods and links with the national accounts – The Norwegian case (CES/AC.40/16)
- Different measures of labour input and their links with national balances (CES/AC.40/17)
- Statistics of strikes – A review of some major issues (CES/AC.40/18)
- The impact of response errors in the estimation of labour market flows (CES/AC.40/19)
- Seasonal adjustment of unemployment and employment series in recession and non-recession periods (CES/AC.51/21)
- Seasonal adjustment of unemployment figures and the treatment of school leavers (CES/AC.51/22)
- Different measures of labour input and their links with the national accounts and balances (CES/AC.51/23)
- Treatment of various types of labour input in national accounts, manpower statistics and population censuses (CES/AC.51/24)
- Some reflections on statistics of labour input and labour productivity (CES/AC.51/25)
- Gross flow analyses on the basis of registers (CES/AC.51/26)
- Report of the Second Joint ECE/ILO Meeting on Manpower Statistics held in Geneva (CES/AC.51/27)
- Present work in the field of statistics of the Working Party on Engineering Industries and Automation (CES/AC.57/2)
- The harmonization and revision of international economic classifications (CES/AC.57/3)
- International co-operation in the ECE region on the harmonization of concepts, questionnaires and data collection in the engineering industries and automation (CES/AC.57/4)
- Progress report on international co-operation in the countries of the European Economic Community on the harmonization of concepts, questionnaires, data collection, etc., in the field of engineering industries and automation (CES/AC.57/4/Add.1)
- Illustration of the main statistical concepts of engineering industries within the framework of national accounts and balances (CES/AC.57/5)
- Methodological aspects concerning statistics on engineering industries (by
countries CES/AC.57/6 to 10, by secretariat CES/AC.57/11)
- Data and information collection and publication by the ECE secretariat concerning statistics on engineering industries and automation (CES/AC.57/12)
- Further work to be undertaken in the field of engineering industries and automation by the Working Party on Engineering Industries and Automation and the Conference of European Statisticians (CES/AC.57/13)
- Report of the Joint Meeting on questions of statistics concerning Engineering Industries and Automation held in Geneva (CES/AC.57/14)
- Report of the ISIS Seminar on integrated statistical information systems and related matters (ISIS '84) held in Bratislava (CES/SEM.15/2)
- Standardized Input–Output Tables of ECE Countries for Years Around 1975 (Sales No. E.82.II.E.24)
- European Handbook of Economic Accounts for Agriculture (Sales, No. E.83.II.E.12)
