### **The incidence and distribution characteristics of MLL rearrangements in Chinese acute myeloid leukemia patients by multiplex nested RT-PCR**

Hua Yang, Tingting Cao, Li Gao, Lili Wang, Chengying Zhu, Yuanyuan Xu, Yu Jing, Haiyan Zhu, Na Lv and Li Yu

*Technology and Health Care* Volume 25, No. S1 (2017), pp. 259–265  
DOI 10.3233/THC-171329

Dear readers,

It has been brought to our attention that this article contained an incorrect plot (Figure 1 – PCR electrophoregram showing MLL rearrangements), as well as methodological flaws that undermine the authors' conclusions and bring into question the rigor of the review and meta-analysis. Based on the aforementioned concerns, reanalysis of the article, comments from readers and the authors' response to said concerns, the editors have decided to retract the article.
