

From the Editor

I believe that change and opportunity go hand-in-hand. This is my viewpoint, as I welcome the new publisher of *WORK*, IOS Press in The Netherlands, as well as some new editorial board members. I delight in the opportunity to work with these professionals! I also thank *WORK*'s former publisher, Elsevier Science, and past board members for being the keystone to providing the highest quality of articles related to the occupational performance area of work.

As always, we will continue to strive to provide you with the highest quality of articles, which examine the elements and dynamics of person-environment-activity fit related to work and the workplace.

I look forward to hearing from you.
