

Notice of Retraction

Retraction to: Providing a system of continuous recovery during athletes' rehabilitation

IOS Press has retracted the following pre-press (ahead of print) article from its online content:

Providing a system of continuous recovery during athletes' rehabilitation

Zhao Hua Tang^a, Tang Xun Yang^b and Valentin Oleshko^b

^a*School of Sports, University of Electronic Science and Technology of China, Chengdu, Sichuan, People's Republic of China*

^b*Department of Combat Sports and Power Sports, National University of Physical Education and Sport of Ukraine, Kyiv, Ukraine*

After a thorough investigation, several ethical issues were discovered related to the peer review process. As the Publisher and Editor-in-Chief cannot guarantee that the article meets the quality of the journal, it has been retracted.

The article has appeared briefly in the pre-press section of the journal and is now appended to this retraction notice.
