

## Subject index

### Volume 6 (1996)

- 
- Accident patterns;** Age-related accident risk; Multivariate analysis 6, 97
- Age-related accident risk;** Accident patterns; Multivariate analysis 6, 97
- Ailments in artists;** Performing artists; Overuse syndrome; Psychosocial occupational performance components 6, 11
- American with Disabilities Act (ADA);** Rehabilitation placement consultant; Disability 6, 3
- Career development;** Multiple sclerosis; Employment; Vocational rehabilitation 6, 177
- Career maintenance;** Multiple sclerosis; Job retention; Research and services 6, 185
- Caregivers;** Functional; Understanding; Team members 6, 203
- Child care;** Ergonomics 6, 25
- Chronic pain;** Self assessment; Disability ratings; Functional capacity evaluation; Return to work 6, 107
- Civil rights protection;** Individual with disability; Physical disability; Discrimination; Qualified individual; Reasonable accommodations; Functional job description; Job analysis; Prework screen 6, 47
- Competitive employment;** Employment; Vocational training; Occupational therapist; Ideal program; Family involvement; Holistic approach 6, 53
- Cumulative trauma disorders;** Whole-body vibration; Hand-arm vibration 6, 127
- Disability;** Rehabilitation placement consultant; American with Disabilities Act (ADA) 6, 3
- Disability ratings;** Self assessment; Chronic pain; Functional capacity evaluation; Return to work 6, 107
- Discrimination;** Individual with disability; Physical disability; Qualified individual; Civil rights protection; Reasonable accommodations; Functional job description; Job analysis; Prework screen 6, 47
- Diversity** 6, 61
- Employed;** Homemaker; Unemployed; Pre- and/or school-age children 6, 153
- Employment;** Competitive employment; Vocational training; Occupational therapist; Ideal program; Family involvement; Holistic approach 6, 53
- Employment;** Multiple sclerosis; Job placement; Rehabilitation 6, 167
- Employment;** Multiple sclerosis; Research recommendations 6, 205
- Employment;** Multiple sclerosis; Vocational rehabilitation; Career development 6, 177
- Ergonomics;** Child care 6, 25
- Ergonomics;** Upper extremity cumulative trauma disorder; Typing; Prevention 6, 87
- Etiology;** Multiple sclerosis (MS); Treatments; Progression 6, 141
- Family involvement;** Employment; Competitive employment; Vocational training; Occupational therapist; Ideal program; Holistic approach 6, 53
- Functional;** Understanding; Team members; Caregivers 6, 203

- Functional capacity evaluation;** Self assessment; Chronic pain; Disability ratings; Return to work 6, 107
- Functional job description;** Individual with disability; Physical disability; Discrimination; Qualified individual; Civil rights protection; Reasonable accommodations; Job analysis; Prework screen 6, 47
- Habits;** Roles; Role overload; Model of human occupation; Perceived control; Perceived competence 6, 116
- Hand-arm vibration;** Whole-body vibration; Cumulative trauma disorders 6, 127
- Hispanic;** Interpreters; Recommendations; Non-English-speaking; Spanish 6, 41
- Holistic approach;** Employment; Competitive employment; Vocational training; Occupational therapist; Ideal program; Family involvement 6, 53
- Homemaker;** Unemployed; Employed; Pre- and/or school-age children 6, 153
- Ideal program;** Employment; Competitive employment; Vocational training; Occupational therapist; Family involvement; Holistic approach 6, 53
- Individual with disability;** Physical disability; Discrimination; Qualified individual; Civil rights protection; Reasonable accommodations; Functional job description; Job analysis; Prework screen 6, 47
- Instrumental function;** Nurturant function; Social support 6, 33
- Interpreters;** Recommendations; Non-English-speaking; Hispanic; Spanish 6, 41
- Job analysis;** Individual with disability; Physical disability; Discrimination; Qualified individual; Civil rights protection; Reasonable accommodations; Functional job description; Prework screen 6, 47
- Job placement;** Multiple sclerosis; Employment; Rehabilitation 6, 167
- Job retention;** Multiple sclerosis; Research and services; Career maintenance 6, 185
- Model of human occupation;** Roles; Role overload; Habits; Perceived control; Perceived competence 6, 116
- Multiple sclerosis (MS);** Etiology; Treatments; Progression 6, 141
- Multiple sclerosis;** Employment; Job placement; Rehabilitation 6, 167
- Multiple sclerosis;** Employment; Research recommendations 6, 205
- Multiple sclerosis;** Employment; Vocational rehabilitation; Career development 6, 177
- Multiple sclerosis;** Job retention; Research and services; Career maintenance 6, 185
- Multivariate analysis;** Age-related accident risk; Accident patterns 6, 97
- Non-English-speaking;** Interpreters; Recommendations; Hispanic; Spanish 6, 41
- Nurturant function;** Instrumental function; Social support 6, 33
- Occupational therapist;** Employment; Competitive employment; Vocational training; Ideal program; Family involvement; Holistic approach 6, 53
- Overuse syndrome;** Performing artists; Psychosocial occupational performance components; Ailments in artists 6, 11
- Perceived competence;** Roles; Role overload; Habits; Model of human occupation; Perceived control 6, 116
- Perceived control;** Roles; Role overload; Habits; Model of human occupation; Perceived competence 6, 116
- Performing artists;** Overuse syndrome; Psychosocial occupational performance components; Ailments in artists 6, 11
- Physical disability;** Individual with disability; Discrimination; Qualified individual; Civil rights protection; Reasonable accommodations; Functional job description; Job analysis; Prework screen 6, 47
- Pre- and/or school-age children;** Homemaker; Unemployed; Employed 6, 153
- Prevention;** Upper extremity cumulative trauma disorder; Ergonomics; Typing 6, 87
- Prework screen;** Individual with disability; Physical disability; Discrimination; Qualified individual; Civil rights protection; Reasonable accommodations; Functional job description; Job analysis 6, 47
- Progression;** Multiple sclerosis (MS); Etiology; Treatments 6, 141
- Psychosocial occupational performance components;** Performing artists; Overuse syndrome; Ailments in artists 6, 11
- Qualified individual;** Individual with disability; Physical disability; Discrimination; Civil rights protection; Reasonable

**accommodations;** Functional job description; Job analysis; Prework screen 6, 47

**Reasonable accommodations;** Individual with disability; Physical disability; Discrimination; Qualified individual; Civil rights protection; Functional job description; Job analysis; Prework screen 6, 47

**Recommendations;** Interpreters; Non-English-speaking; Hispanic; Spanish 6, 41

**Rehabilitation;** Multiple sclerosis; Employment; Job placement 6, 167

**Rehabilitation placement consultant;** American with Disabilities Act (ADA); Disability 6, 3

**Research and services;** Multiple sclerosis; Job retention; Career maintenance 6, 185

**Research recommendations;** Employment; Multiple sclerosis 6, 205

**Return to work;** Self assessment; Chronic pain; Disability ratings; Functional capacity evaluation 6, 107

**Role overload;** Roles; Habits; Model of human occupation; Perceived control; Perceived competence 6, 116

**Roles;** Role overload; Habits; Model of human occupation; Perceived control; Perceived competence 6, 116

**Self assessment;** Chronic pain; Disability ratings; Functional capacity evaluation; Return to work 6, 107

**Social support;** Instrumental function; Nurturant function 6, 33

**Spanish;** Interpreters; Recommendations; Non-English-speaking; Hispanic 6, 41

**Team members;** Functional; Understanding; Caregivers 6, 203

**Treatments;** Multiple sclerosis (MS); Etiology; Progression 6, 141

**Typing;** Upper extremity cumulative trauma disorder; Ergonomics; Prevention 6, 87

**Understanding;** Functional; Team members; Caregivers 6, 203

**Unemployed;** Homemaker; Employed; Pre- and/or school-age children 6, 153

**Upper extremity cumulative trauma disorder;** Ergonomics; Typing; Prevention 6, 87

**Vocational assessment, Multiple sclerosis 6, 191**

**Vocational rehabilitation;** Multiple sclerosis; Employment; Career development 6, 177

**Vocational training;** Employment; Competitive employment; Occupational therapist; Ideal program; Family involvement; Holistic approach 6, 53

**Whole-body vibration;** Hand-arm vibration; Cumulative trauma disorders 6, 127
